# British Troops Rout Rioters

## Widespread Agitation Against High Cost of Living Brings Results

### DROP IN GRAIN AND FOOD PRICES

Crashed Heavily Downward at Chicago Today—Corn and Pork First To Fall

All Railroad Union Officials Called by Director Hines For Conference

CHICAGO, Aug. 4.—Grain and provisions crashed heavily downward today in value. Selling was on a large scale, influenced principally by the widespread agitation against the cost of living. Within an hour corn prices dropped 5 1/2 cents to 8 cents a bushel, and pork \$1.25 a barrel.

December delivery of corn, the principal option, fell to \$1.49 1/4 and January pork to \$18.

R. R. Union Heads Called

WASHINGTON, Aug. 4.—All railroad union officials now in Washington were asked by Director General Hines to meet him at noon today for a conference on the high cost of living.

Mr. Hines expected to explain his

### STATIONARY FIREMEN OUT ON STRIKE

Members of the Stationary Firemen's union stated today that between 75 and 100 of their members in Lowell, for the most part employed in the city's mills, went out on strike this morning when their requests for a 15-hour week and 5-hour day and an increase in wages to make the minimum hourly wage 62 1/2 cents, were refused.

Mill agents at the Lawrence Mfg. Co., Tremont & Suffolk, Boot, Appleton and Massachusetts companies said their plants were running full schedule as usual. According to the strikers, they reported for work this morning as usual, but walked out shortly afterward when their requests were refused.

### LOWELL GIRLS OFF TO SAGAMORE LODGE

A group of Lowell Community Service Club girls left this noon for Sagamore Lodge, Portsmouth, N. H. for a week's vacation. Miss Louise Jenkinson, assistant recreational director, accompanied them. Sagamore Lodge is the summer camp of the Portsmouth and Newburyport community service clubs, which has been offered to the Lowell club for use during two weeks in August. The next group will go to the camp tomorrow to remain until Friday.

The regular monthly meeting of the Lowell club will be held in the rooms in the Rundles building tonight. Many matters of interest will come up for discussion, including baseball and other summer activities and it is hoped that as many of the members as are able will attend.

### COMMUNITY SING

The Community Service Singing league is making great preparations for the community sing to be held tomorrow evening at 7:30 o'clock at the Alken street playgrounds. A truck to carry the girls to and from the sing will be loaned by the Merrimack Co. As usual, instrumental music will be recruited from the United States Cartridge Co. band personnel and the musicians will accompany the girls on the truck. Much interest in the sing has been evinced in the neighborhood of the playground and a large crowd is expected.

### Rumanian Troops Occupy Budapest

BUDAPEST, August 4.—Budapest was occupied today by Rumanian troops that advanced from the River Theiss in spite of representations made by Lieut. Col. Romanelli, the Italian representative of the allies at Vienna.

### 250,000 SHOPMEN OUT

Strike Will Spread to All Sections of Country, Say Chicago Officials

CHICAGO, Aug. 4.—The strike of Federated Railway Shopmen, which entered upon its fourth day today and has already involved 250,000 will soon spread to every section of the country, according to local officials of the union, unless their demands are speedily met.

The ranks of the strikers were augmented by several thousand yesterday. Many others voted to join today and locals at a number of important railway centers were to ballot during the day on the question of going out.

At Cumberland, Maryland, the shopmen of the Baltimore & Ohio railroad, who went out Friday, called off the strike yesterday on the ground that it did not have official sanction.

At Gary, Ind., eight of the 12 blast furnaces of the United States Steel Corporation are banked and 10,000 men are idle as a result of the shopmen's strike.

Railroad officials said that traffic would begin to suffer seriously within five days to a week unless some settlement of the strike is arranged.

### 600 Quit at Washington

WASHINGTON, Aug. 4.—Shopmen, boiler-makers and electricians in the Washington yards, went on strike today. Officials at Union station estimated about 600 men were out. They said that while all Washington repair work would have to cease railroad service in and out of the capital would not be affected for the present at least.

### Sporadic in East

NEW YORK, Aug. 4.—The railroad shopmen's strike, according to a statement issued today by the regional director's office, has been sporadic in the east and seems to have centered on the lines west of Chicago.

Strike to Spread to Canada

MONTREAL, Aug. 4.—The executive committee of the Federated Shop Trades of Canada, will send out a call for a strike vote of the 35,000 railway shop employees of Canada. The vote will be returnable at midnight, Aug. 21. In the interval, the leaders of the men will resume negotiations with the sub-committee of the railway war board.

The demands are a 41-hour week, a minimum of \$5 cents an hour for mechanics, a minimum of 60 an hour for helpers, and an increase of 10 cents an hour for apprentices.

### 450,000 Threatened to Quit

WASHINGTON, Aug. 4.—Four hundred and fifty thousand members of the Brotherhood of Railway and Steamship Clerks, freight handlers, express and station employees today joined with other railway workers demanding "that, unless something be done materially to reduce the cost of living, our wages must be raised to give us immediate relief." The demands have been transmitted to the railroad administration, J. J. Forester, president of the brotherhood, announced.

### EIGHT REPORTED KILLED

NEW BRUNSWICK, N. J., Aug. 4.—Eight persons were reported killed and 25 injured today, in four explosions of ammunition in the Raritan arsenal.

The local evening newspaper in the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

### CHARGE WITH FIXED BAYONETS

Riotous Crowds Driven From Streets of Liverpool by British Soldiers

Cruiser Valiant and Two Destroyers Move Into Mersey River To Protect Docks

LIVERPOOL, August 4.—Riotous crowds were driven from the streets today by troops charging with fixed bayonets. The rioters filled the streets during the night as the result of the policemen's strike and it was not until daybreak that the soldiers were ordered to charge. The cruiser Valiant and two destroyers moved into the Mersey river to protect the docks. The employees of bus and tramway lines failed to report for work today. No notice of a strike had been given.

### TO PREVENT LABOR TROUBLES

Federal Commissioner in Boston in an Effort To Settle Fishermen's Strike

Also Hopes To Obtain an Agreement To Prevent Future Labor Troubles

BOSTON, Aug. 2.—In an effort to settle the strike of fishermen of New England ports which has been in progress more than a month, Henry J. Skelington, a federal commissioner, today called a conference at the direction of Secretary of Labor Wilson and that besides trying to adjust the present controversy over wages, he would endeavor to obtain an agreement to prevent future labor troubles.

Representatives of the wholesale fish dealers of Boston, Portland, Me., Gloucester and Provincetown, have been asked to attend the conference together with delegates representing the vessel owners, the Fishing Masters' association of Boston, the Master Mariners' association of Gloucester, the American Association of Masters, Mates and Pilots, the Fishermen's union of the Atlantic, the Fish Handler's union, the Marine Firemen's union, the Marine Engineers' association and the boards of trade of Gloucester and Provincetown.

Some relief from the fresh fish shortage due to the strike was afforded today when a number of Italian fishermen who joined in a sympathetic strike a week ago, returned to their boats and landed catches at the fish pier.

## Plans For Permanent Peace Army of 510,000 and System of Military Training

### \$5000 REWARD FOR DYNAMITERS

Oscar Lawler, Former Federal Official, Seriously Burned in Bomb Explosion

Home at Los Angeles Wrecked—Family Narrowly Escape—Will Recover

LOS-ANGELES, Cal., Aug. 4.—Oscar Lawler, former assistant United States attorney general, who was seriously burned yesterday in a fire and bomb explosion that wrecked his home, has a chance of recovery, according to his physicians. They seemed certain of the recovery of Mrs. Lawler, who also was badly burned.

The explosion was said by the police to have been the result of a desire for revenge by a group of dynamiters whom he prosecuted some years ago in the middle west.

A reward of \$5000 for the arrest and conviction of perpetrators, has

### HUNGARIAN LEADER SHOT

Tiber Szamuely, One of Triumvirate Named To Succeed Bela Kun, Murdered

VIENNA, Sunday, Aug. 2.—(By the Associated Press)—Tiber Szamuely, one of the most prominent of the Hungarian communist leaders, was shot and killed last night while he was crossing the frontier near Fuenstenefeld by a guard whose brother a farmer, had been executed by order of Szamuely. As he was dying Szamuely exclaimed: "I was the only enemy of the enemies of the proletariat."

Szamuely was one of the triumvirate recently reported to have declared a dictatorship in Budapest in succession to Bela Kun.

### MANSLAUGHTER CHARGE IS DISMISSED

Howard L. Tibbets was found not guilty of manslaughter by Judge Bright in police court today. According to the police Tibbets auto struck and fatally injured Clarice Ferreira, of 5 Gorham street on the evening of July 1. The decision came as the result of the inquest finding made public today in which Judge Pickman finds that "the death of Clarice Ferreira was not caused or contributed by the criminal negligence of Howard L. Tibbets or any other person or persons."

### CAPT. JOSEPH MOLLOY BACK FROM FRANCE

Mrs. Charles H. Molloy, of this city, today received a telegram from her son, Capt. Joseph A. Molloy, telling of his arrival in New York. For the present he is stationed at Camp Merritt and expects his discharge within a few days. Capt. Molloy received a commission as second lieutenant of infantry at the first Plattsburg camp and rose rapidly in rank during service in France. He has received several citations.

### TO NEGOTIATE AN ARMISTICE

Rumanian Commission Is on Its Way to Budapest—Appeal For Allied Troops

Budapest Presents Pitiful Appearance After Fight of Communists

COPENHAGEN, Aug. 4.—The Rumanian commander has notified the Hungarian military authorities that a Rumanian commission is on its way to Budapest to negotiate an armistice, according to a Budapest despatch.

Premier Clemenceau, president of the peace conference, replying to a wireless message from the Italian military mission at Budapest, declares that the supreme council of the peace conference does not intend to interfere in the internal policy of the Hungarian government, and adds that Rumania will not be asked to halt per

### TO PROBE RACE RIOTS

Work Begun on Selecting Jury To Try Men Accused in Chicago Race War

CHICAGO, Aug. 1.—After the calmest night in the black belt for more than a week, work was begun today on selecting a grand jury before which will come the cases of white men and negroes, who are accused of participating in the race riots which caused the deaths of 29 negroes and 13 whites, and the injury of hundreds.

### 300 Treated at Hospitals

The city health commissioner has found that 300 people injured in the riots were treated in hospitals. He expressed the opinion, that perhaps 400 or more who were injured never appeared at hospitals.

Several thousand negroes who expected to return to work in the stockyards today after nearly a week's absence on account of the riots, must wait until the unrest has subsided. After announcing that the colored men would return to work today superintendents of all the large packing plants decided that it would be prudent to hold the negroes at their homes for an indefinite period.

### FEAST OF NATIONAL GRATITUDE IN FRANCE

PARIS, Aug. 4.—A "feast of national gratitude" was held yesterday throughout France and in Alsace and Lorraine. Messages from President Poincare, Premier Clemenceau and Marshal Foch were read at exercises of a religious character. In numerous cities school children placed wreaths on the graves of the soldiers of France and her allies.

### POLICY OF WAR DEPARTMENT

Maintenance of One Field Army With War Strength of 1,250,000 Proposed

Active Force of 510,000—Remainder Youths Who Take 3 Months' Training Course

WASHINGTON, Aug. 4.—Maintenance of one field army with a war strength of 1,250,000 men is proposed in a bill establishing a permanent military policy which was sent to congress today by Secretary Baker.

The active force of this army would be a three months' military training course, which would be compulsory for all 19-year-old youth. This reserve strength would be used to fill out the 20 infantry divisions and one cavalry division into which it is proposed to divide the regular army.

The plans were embodied in a bill which represents the policy of the war department with respect to the peace time military establishment; under the measure all special services built up during the war would be maintained as separate branches except the chemical warfare service, which would be merged with the engineers' corps.

Three months' military training for youths of 19 would be made compulsory and promotion of officers by seniority would be abolished. Secretary Baker said the war had shown this system of promotion to be defective.

No change in the existing law with regard to the organization of the national guard and its relation to the regular army was suggested. Mr. Baker said it was assumed that the national defense and federalizing the guard would be retained in force.

Under the war department's plan, youths would be subject to military service for two years after completing the course of military training and in the event of war the selective service act in force during the great war would become operative.

**Palme Street Baptist**  
"The Holy Spirit" was the subject discussed at the morning service at the Palme Street Baptist church yesterday.

## WALSH PLEADS FOR IRELAND

Delegate to Paris Wins Thunders of Applause by Thrilling Speech

Tells Vast Boston Audience Freedom of Ireland Means Europe Saved

BOSTON, Aug. 4.—"Immediate and favorable response to the 'conservative' appeal of the Irish national cause by the government of England may mean the saving of the civilization of the whole of western Europe—threatened now by mighty forces of dissatisfied workers, in comparison with whose demands, those of Ireland are but few and simple."

Wan Thunderous Applause

Frank P. Walsh, one of the three Irish-American envoys to the peace conference, a true son of Erin, and a lifelong friend of labor, drew thunderous cheers from the throats of 8500 of his Boston brothers and sisters in the fight for Irish independence, when he made this utterance in the course of a speech in Mechanics hall last night.

He was the principal speaker at the mass meeting held under the direction of the medical committee of the Irish Victory fund. Acting Mayor Francis J. Ford spoke for the city, and Henry Abrahams was the third speaker.

Every seat was occupied when Dr. John O'Brien of Charleston, permanent chairman, introduced Mr. Walsh. The thousands of friends and children of Ireland present heard perhaps the most masterful presentation of the case of this oppressed people that has been delivered in New England in years.

The speaker's reference to the menace to the civilization of old Europe from the mighty forces of disgruntled workers was delivered with the full vehemence of a man to whom the struggles of the working classes and the power of the united workers of the world has been a lifelong study.

Tears and Shouts of Rage.

Returned but recently from Ireland, where he, in company with other members of the Irish-American commission, investigated at first hand the reported cruelties to which the Irish freedom-seekers have been subjected since the "army of occupation" invaded its domains, Mr. Walsh brought tears from the women and shouts of rage from the men in the audience, with a tale of torture and inhumanity with but few parallels in history.

In cages, like wild beasts, I saw our brothers—yes, and sisters—their voices stifled, subjected to physical tortures and insulted by the minions of England's protective soldiery," he said.

"England—reputed friend now of the rights of small nations—seeks by persecution to stifle the activities of those true sons and daughters, to the end that Ireland's righteous claim for freedom shall be 'nipped in the bud' before the free peoples of the whole world unite to see that Ireland gets her due at the peace conference."

Mention of the name of President De Valera of the Irish republic, and of his calm and dignified presentation of Ireland's case before the people of the United States, resulted in vociferous applause.

**Won Sympathy for Ireland**  
"Not one of the 150,000 British soldiers dared to lay a hand upon this inspired man as day after day he directed the deliberations of the congress of the Irish republic," he said.

"All birds and 'charitans' are typical of the epithets at him. Why was he not thrown into prison and tortured? Because, plotting perhaps for his death or downfall, they full well realized the wonderful growth of the world feeling for Ireland's cause, and they feared the consequences."

The speaker referred to the peace conference: "Of all the countries at war the aims and motives of America and England were stated to the world with the greatest clarity and in the most impressive way," the speaker declared.

"In November Mr. Lloyd George called upon the 'Living God' to bear witness to the utter unselfishness of Great Britain in the war: 'As the Lord liveth, England does not seek a yard of territory. We are in this for motives of purest chivalry. To defend the weak.'"

This quotation brought tremendous expressions of disgust and means from the audience.

Continuing, Mr. Walsh said: "England's representatives to the peace conference entered the chambers at Versailles 'empty-handed' as to territory gained, but emerged 'full-handed' with the addition of hundreds of thousands of square miles and with the domination of 20,000,000 souls who objected to being dominated."

The speaker referred heatedly to Britain's alleged cruelty to Egypt. He told of the successful attempts to prevent the story of Egypt from being laid before the Versailles conference and said that now in Paris five Egyptian delegates are held virtual prisoners by agents of England.

**Adopt Resolutions**  
The following resolutions were read and adopted at the meeting:

Whereas, this nation, founded upon the great truth that governments derive their just powers from the consent of the governed, has only by great sacrifice maintained itself as the hope of the oppressed peoples of mankind; and

Whereas, we entered the great war to fight for the rights and liberties of small nations as well as for the rights and liberties of those nations which are great and powerful, and England, endorsed the high purpose; and

Whereas, for more than seven centuries, by never ceasing to fight for these democratic and Christian ideals,

## SCHOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I used to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 20 Bowers St., Nashua, N. H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The letters constantly being published from women in every section of this country prove beyond question the merit of Lydia E. Pinkham's Vegetable Compound.

The Irish people have steadfastly resisted secession, thereby preserving their dignity as men and their self-respect as a nation. Therefore be it

Resolved, that we, Americans, of the medical profession, assembled in mass meeting at Boston, August 3, 1919, declare:

1.—That the sanctity and the justice of the cause of Ireland are so self-evident that no forum, either in America or in the whole world, can in honesty or decency be closed against its discussion.

2.—That the act of union, which deprived Ireland of her parliament, is an acknowledged great historic scandal, brought about, on one side, by bribe-givers, whose only purpose was economic exploitation; and, on the other side, by bribe-takers, whose only interest was to strengthen their minority rule and increase their worldly possessions at the expense of the majority of their fellow countrymen.

3.—That if Ireland is denied the fulfillment of her God-given right and desire as expressed by the overwhelming majority decision of a peaceful plebiscite taken in the presence of a hostile army, it will mean a signal triumph of the most odious kind of lies, that she is unfit to govern herself and that the future economic and social security of Great Britain will be jeopardized. It will also mean that a whole race of people will be sacrificed to the spirit of ruthless conquest and their land held as a prize of war carried to the bitter end in arrogant defiance of the American ideals which saved the allied powers.

4.—That there can be no just peace until the independence of Ireland is recognized and assured; and that we are confident that those to whom is entrusted the momentous decision of the merits of the covenant will guard wisely and jealously the self-respect of our own beloved country, and save the Irish people from the prospect of another long melancholy era of human dignity outraged, and national hope deferred.

5.—And be it further resolved, that this great assembly of liberty-loving Americans thank the honorable senate of the United States for its magnificent and dignified expression of "sympathy with the aspirations of the Irish people for a government of its own choice."

**IRISH SOCIETIES AGAINST LEAGUE**  
BOSTON, Aug. 4.—Leaders of a number of Massachusetts Irish societies, meeting yesterday under the auspices of the advisory committee of the Irish victory fund, perfected a state-wide organization designed to arouse opposition to the League of Nations. Referring to Senator Walsh of this state as one of the three men of Irish blood in the senate, Edward F. McSwaney of this city, said:

"We must organize and show our senator that the people of Massachusetts are against the league as patriotic, red blooded Americans."

**Quality-ized**  
It is well to know where you can get them. We are referring in particular to WALL PAPERS that possess originality of design, beauty and diversity of colors, that are different and "out of the ordinary." There is a charm and delightful freshness about our line of Wall Papers that make them irresistible to people wanting "Quality-ized" goods.

Those characteristics are true of all our Wall Papers and we are glad and proud to show them at all times.

Why not drop in and see what we mean? Paper hangers furnished.

## WHAT TO EAT NEXT WEEK

BY BIDDY BYE.

One hears few complaints from the menu makers at this season—that is from the menu makers who use their brains and go to market at least every other day. Of course the woman who "finds it easier to telephone" always has a hard time to think of things to eat—and her husband always has a harder time to pay the food bills!

But for the marketer—her chief difficulty these days is to resist temptation to buy more food than is needed from the rich supplies of fruits and vegetables offered. For fresh things though the wise procedure is to buy small quantities often—not more at a time than can be used within two days.

Considerable economies can be effected if groups of five or six housewives will learn to buy at wholesale such things as cases of fruit in season or hamper of green things. For instance in season one city market sold a crate of 54 cantaloupes for \$1.25 wholesale, the same melons selling at eight cents each retail—a total of \$4.32. The retailer's profit was \$3.07 on each crate of melons. Should six

housewives combine to buy a crate at \$1.25 each family might get nine melons at a cost of 2 cents each—a saving of 6 cents on each melon. Some day we will learn the value of co-operative buying.

### MONDAY

Breakfast: Sliced peaches with shredded wheat biscuit and cream, coffee, rolls.

Lunch: Baked lima beans with plums, tomatoes, cheese sandwiches, plums. Dinner: Cream of tomato soup, cold sliced mutton, creamed new potatoes, beet salad, chocolate farina pudding.

### TUESDAY

Breakfast: Chilled blue plums, creamed tuna fish on toast, coffee. Lunch: Succotash of corn and beans, corn pone, honey, iced tea.

Sealed Tight—Kept Right

## When You Feel Dumpy And Out of Sorts Generally

Look around a little and see if the trouble is perhaps with the food. A lot of people need better nourishment.

# Grape-Nuts

Contains marvelous nutriment—all the goodness of wheat and barley, including their rich mineral elements. Have Grape-Nuts as a daily ration with other food and see if life doesn't take on a brighter look. A delicious, economical food! You'll like it.

"There's a Reason"

## PLOTTED REVOLUTION

Two Turkish Leaders Charged  
With Plot To Set Up  
Government, Arrested

CONSTANTINOPLE, Aug. 4.—The Turkish cabinet today ordered the arrest of Mustafa Kemal Pasha and Reouf Bey, charged with convoking a separatist congress and organizing armed bands in the Smyrna and Erzerum regions.

Kemal Pasha early last month was reported to have forty thousand troops with some heavy artillery and to have defied the government's order to return to Constantinople with Essad Pasha, formerly commander in chief of the Turkish forces at Scutari, Albanian minister of war and provisional president of Albania. They were reported to be plotting a separate government.

BOTTOMLY CANDIDATE  
FOR ATTY. GENERAL

BOSTON, Aug. 4.—Robert J. Bottomly last evening issued the following statement:

I am a candidate for the republican nomination for attorney-general.

In this period of reconstruction the attorney general has a wonderful opportunity for service in the interests of the people of this commonwealth. It has been urged upon me that my experience with public affairs, combined with my ten years' work as a lawyer in Boston, constitutes the necessary qualifications for dealing in the right way with the many new problems which we are now called upon to face.

During the campaign I shall bring before the republican voters my conception of how, if elected to this office, I can render it a position of the largest public service.

BIG INCREASE IN  
BANK DEPOSITS

CONCORD, N. H., Aug. 4.—Deposits with New Hampshire savings banks and trust companies increased in the year ending June 3, \$280,854.39 despite the Liberty loan campaigns in that period, according to the report of Bank Commissioner Guy H. Cutter, issued today. Only twice, in 1890 and 1917, has a greater increase been recorded in any one year. One bank in this state today has a greater total of deposits than was held by all the 54 banks in New Hampshire in 1870.

## NONE OTHER LIKE IT!

A Syrup of Rare Flavor for  
Every Use

Everybody likes sweets. And everybody likes Domino Golden Syrup. It is a pure cane product of delightful flavor—and very wholesome.

A full-bodied syrup—neither too heavy nor too light—neither too thick nor too thin. Just right for a fine spread on bread, cakes, waffles and biscuits.

Different from any other syrup. You never tire of the delicate cane taste. You can eat Domino Golden Syrup every meal of every day, winter and summer.

Of a rich golden amber color. Children love it—and grown-ups delight in it. Ask your grocer for Domino Golden Syrup. It is made by the American Sugar Refining Company, refiners of Domino Package Sugars—Granulated, Tablet, Powdered, Confectioners, Brown.—Adv.

Princess Nacoombe

TAHAN'S DAUGHTER  
Tells of Indian Girls' Love  
and Ideals

TO READERS:

Princess Nacoombe is the daughter of Chief Tahian whose Indian stories have been such a hit with The Sun boy readers. Her stories are authentic accounts of woman and child life among the Indians written especially for Lowell girls and published in The Sun only.

BY PRINCESS NACOOMBE  
Of the Kiowa Indian Tribe

When grandmother was a very little girl one of the very first things she learned was how to pray. This was taught her by her mother, and not so much by what she said, as by what she did. For she was honest and good, and all Indian women tried to be. The child herself was an answer to her prayers, and the brown-skinned mother guarded well the life of her daughter. Like every mother she wanted her daughter to marry when she grew up, so, she taught her to pray for a lover and husband; and such prayers were always answered. For there were no "maiden ladies" nor "bachelor girls" among our people, neither were there any crusty old men bachelors.

When the men were away on the hunt for game, the girls helped their mothers "keep the home fires burning" in a true and literal sense. The hunters very often suffered great hardships, and their women folks always made it as pleasant for them as possible at their return.

More than this, they kept alive the spirit of courage in the hearts of the warriors who were away on the war-path. Often the girls and women at such a time would send the heart-cheer to their defenders. They would gather before the chief's tepee and sing a song which expressed courage to the fighting men, for they believed their song-thoughts went straight to them. One of these songs composed by an Indian woman has come down to me.

Be it known, too, that Indian girls and women were held in high respect by the men. Some time ago I was with the Apaches in New Mexico, called the most savage of all tribes. Hundreds of them gathered at the agency to hear "the girl from another tribe" play on her violin their own songs. While I was playing, to the surprise of everyone, there was a scuffling among the men at the door. Afterwards I learned the reason. One of the Apaches had caught a sight of his mother-in-law in the room. He had come in without first gaining the consent of his wife's mother to do so, and he was trying to get out as quickly as he could. With some of these same "savage" Redskins I rode their bucking broncos across the plains and among the canons; and no cultured white gentlemen could have treated me more courteously than did they. The Indian is a natural gentleman.

protesting there. Then you can move over a bit and have a motor ride or cross the road and bowl a string or two, or take in any of the other attractions. Then, when your evening is over, you'll find that it has given you the most pleasure for less money than you would spend by going to any other park, and much less fatiguing.

A tip to motorists: Many of your handcars are taking a spin to the lake pretty often these days. Park your car along the road with the dozens of others and know what it means to have a good time near to home.

LAKEVIEW

Now is the time to enjoy Lakeview park, for the season is at the height of its glory, and the big crowds that nightly enjoy an inexpensive bit of pleasure at the famous old resort are unanimous in their opinion that this season at Lakeview is about the best that has ever been seen there.

The main reason, of course, is the dance hall. There, every afternoon and night, one can enjoy a dance under the best of conditions, which includes smooth floor, courteous attendants—for which Archie Conley is noted—perfect supervision, and—music. Jazz, exquisitely played by that combination of dance masters, Miner-Doyle's, assisted by the jazz kings, Arthur Moore and Harry Lovitt.

As a necessary adjunct to the orchestra, there must be a singer, and who could do better than Barney Horne. Barney keeps in touch with the big New York and Boston song houses, and always has the latest.

Another very necessary adjunct is the soda fountain, and you'll find no one who will disagree with you.

TRUNKS OF ARMISTICE  
DELEGATES STOLEN

BERNE, Sunday, Aug. 3.—(Havas)—

Trunks belonging to two members of the allied armistice commission in Germany were stolen recently, according to advices from Berlin. They contained documents concerning agreements for the restitution to Belgium and France of machinery that had been removed by the Germans.

To Negotiate Armistice  
Continued

forces on the line which has been reached and will not be asked to withdraw her troops to the line fixed on June 13 until the new government at Budapest has strictly confirmed the conditions of the armistice between Hungary and the Allied powers.

The Italian commander has sent a reply to M. Clemenceau stating that the new government is prepared to fulfill the armistice conditions as speedily as possible and requests the Allied and Associated powers to lend support by each power sending one regiment to Budapest. It is suggested that this be done in such a manner that the movement of the troops should not partake of the nature of intervention but would be more of a voluntary demonstration.

STREETS OF BUDAPEST HALF  
DESERTED—COMMUNISTS STRIP  
CITY OF MONEY

BUDAPEST, Sunday, Aug. 3.—(By the Associated Press) The city today presents a pitiful appearance after the

flight of the Communists. The streets are half deserted, no stores are open, there is little food in the hotel or private houses, and no soap, coffee, tobacco or linen is to be had.

Many windows are broken. The people moved about aimlessly but smiles have replaced the looks of terror that were on their faces.

The new cabinet is sitting day and night working on the formidable task of reconstruction and bringing about order.

The communists, who robbed both for political and private purposes, left the banks empty. Financial institutions which contained about five billion crowns now have barely 50,000.

in good money in their vaults. Finance Minister Miskies does not know which way to turn, as the only money left him is paper. In addition to printing foreign bank notes the communists falsified Czech and Jugoslav stamped money to a great extent.

According to Peter Agoston, minister of foreign affairs, all eyes are turned to America for food, especially for the children. It is understood, however, that the Hungarian harvest is reasonably good and that the lack of food heretofore in some measure has been due to the refusal of farmers to sell to the Communists.

It does not appear that the communists stole the paintings in the museums, though many have been taken from private residences.

BELA KUN AND HIS ASSOCIATES  
GRANTED ASYLUM BY  
AUSTRIA

VIENNA, Aug. 4.—Bela Kun, former

dictator of Hungary, and his associates, have been granted asylum by Austria to avoid disturbances and unnecessary bloodshed in Budapest, according to an official statement. They will be allowed to remain in Austria under detention until Hungary is able to receive them again, but will not be permitted to carry on political propaganda.

Bela Kun's fight to maintain power during the last four months has been a continuation of his extraordinary career during the war. He is a Jew with a strain of Turkish blood, according to his friends. He is a small man, unimposing physically, but with a peculiar power over men and an ability to stir the imagination of all.

Soldiers. It is said, obeyed him with a blind faith, although many have seen him. Several times the Associated Press correspondent was able to pass military lines with Kun's picture, scribbled with lead pencil, a piece of unstamped paper, and other passports were not required.

MEN'S CLOTH HATS, broken lots and sizes, \$2.00 value. Sale price.....\$1.00

### COAL GOING UP

#### SAYS LOCAL DEALER

Coal will sell from \$15 to \$20 a ton this winter, according to several local coal men who were interviewed today.

Various reasons are given by the dealers for this expected advance in the price of the black diamonds. Some attribute it to the increase in freight rates which is soon to become effective, while others think that lack of sufficient transportation will make the fuel scarce and costly as never before.

"I would not be surprised to see \$15 and \$20 coal this winter," said one well known coal dealer. "In fact, I expect it. Production is now 40 per cent. below normal, and a big increase in freight rates is expected soon. Then again, the miners have recently received big increases."

"A big shortage of coal in Lowell is a certainty this winter, and no matter what is done now to avert this, it will be too late to have much effect. Everyone is oversold, and we are all having difficulty in securing a supply."

"We have tried to make the public realize the seriousness of the situation for some time, but it seems to be the prevailing opinion among the people that this is merely a case of profiteers. But believe me, we are mighty lucky to break even on the present prices."

"Freight rates are now from \$3 to \$4 a ton from where we get our supplies, and an increase is expected. In normal times the rate was less than \$2. This is a sample of how things are hitting us."

"In order to get coal at all we are forced to pay a premium of 75 cents on some coals, and \$1.25 on others, with rates in between those figures."

### ZOO CLUB STAGES

#### ITS SECOND SHOW

The popular Zoo club staged its second show of the year at the Owl Theatre yesterday afternoon and evening, and two large audiences witnessed one of the brightest, snappiest and most enjoyable entertainments seen in Lowell in many moons. Both professional and amateur talent were included in the program, and each number went way over the top.

Charles Cottrell opened the musical melange with several piano selections, and was followed by those two clever juveniles, Marie Dewire and Bernard Knopf.

"Tom" Galloway, Lowell's own ventriloquist came next, and made a big hit with his work. "Tom" had quite a family gathering with him when he appeared, and all the little puppets went through the sketch without a slip. The manikins danced, sang and cracked jokes, and all the time the man behind looked on in a half bored manner, just as if it wasn't all his own "John's."

The two Dion sisters, who need no introduction to local theatregoers, sang several catchy and zippy selections, and as usual, were encored to the limit. "Everything Is Peaches Down In Georgia" was their first number, and then Miss Bertha sang "You're Making a Miser of Me." Alice brought down the house with "Rosie Ricolla," and the pair gave as their final number "You're Still An Old Sweetheart of Mine."

Miss Madeline Boland sang "Somewhere a Voice Is Calling" and "When You Find Another Sweetie Hanging Around."

Commissioner James E. Donnelly was

#### Summer-Spoiled Skin Removed by Absorption

As undine summer exposure usually leaves an undesirable surface of tan, redness or roughness, often freckles, too, the sensible thing to do is to remove such surface. There's nothing better for this than ordinary mercerized wax, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gently, gradually, so there's no inconvenience, no detention indoors. Spread the wax lightly over the entire face at bedtime and take it off in the morning with warm water. If you will get one ounce of mercerized wax at the drugstore, use it for a week or so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness.—Adv.

the last of the local entertainers, and took the house by storm. "Jimmie" offered about all the "Scotch" he knew, and still the audience pleaded for more. Perhaps his best number was "The Laddies Who Fought and Won," and his other selections were all corkers.

Following the commissioner, five rapid-fire vaudeville acts were given by professional entertainers of A 1 calibre, all of which were well received. Not the least of the contributing factors to the success of the show was the 10-piece orchestra, under the leadership of Prof. John Kehoe, which provided the accompaniment to the efforts of the various artists.

The committee in charge of the affair consisted of J. W. Buey, Martin J. Miskell, Ray S. Averill, Dr. James H. Roger, Charles LaRue, James Forsythe, John Kehoe and A. S. Goldman.

The officers of the Zoo club are: President, Thomas Costello; vice president, Thomas Boyle; treasurer, Dr. James H. Roger and secretary, E. P. Parsons.

#### A BIT EMBARRASSING BUT A GOOD JOB

There's a perfectly good job open to some Lowell young woman who thinks she knows a thing or two about things natatorial or semi-natatorial and who is able to qualify as having an abundance of good judgment. The Lowell park commission wants a bathing suit censor.

Unfortunately and strangely, the position is not open to men. The reason is undisclosed by Supt. John W. Kernan who made known the commission's wants today. Perhaps the office of the park department at city hall would be insufficient to cope with the throng of applicants who would be only too glad to show their civic spirit in this way and then again perhaps there are other reasons. But let it be understood right at the beginning that no men need apply.

As announced Saturday the one-piece bathing suit is not meeting with popular approval at the municipal swimming pool off Varum avenue. Complainers have been made about men appearing in such garments, and now it develops that everybody who visits the pool is not in favor of women appearing in the one-piecers, although a "yea" and "nay" vote has not yet been taken on the matter.

However, the presence of complainers means that there is something wrong and wrongs must be righted. Accordingly, somebody must be assigned to the swimming pool who will be able to tell when a one-piece suit is not a one-piece suit or at least, when it is not sufficiently unified to be the just cause of objection. In other words, a censor is wanted. Applicants

should apply at the office of the park commission. One young woman has already applied to Supt. Kernan but upon investigation she admitted that she could not swim and was not qualified for the position.

#### \$5000 Reward

Continued

been offered by the Merchants and Manufacturers' association and Mayor Snyder announced that he would ask the city council to offer \$1000 additional.

Deep burns covered nearly half of the area of Mr. Lawler's body, chiefly on the upper part. Mrs. Lawler's burns were of a secondary nature, but her sufferings were increased by a fracture of the clavicle, sustained when her husband dropped her fainting from the second story of their burning home.

Awakened shortly before 3 o'clock Sunday morning by a terrific explosion, immediately below the second story porch where they were sleeping, and seeing their home enveloped in flames, Mr. and Mrs. Lawler attempted to reach another sleeping porch to rescue

their five year old son, Oscar Jr., and his nurse. When they were cut off by the fire, Mrs. Lawler fainted. Her husband took her in his arms and carried her through the flames to a window and lowered her body to an awning which covered a window on the ground floor. From the awning she fell to the ground. Mr. Lawler then jumping, struck his head on the steps. The boy and his nurse were rescued uninjured.

Neighbors told today of having seen a mysterious group of men near the Lawler home last Friday night, of hearing footsteps shortly before the explosion; of seeing a man dressed in gray a number of times in front of the residence and of a speeding automobile immediately after the explosion.

Three explosions were heard at the house and the police believe they were caused by the bomb and two five-gallon cans of gasoline. Parts of the bombs and cans were found 200 feet away. People in houses across the street were thrown to the floor by the force of the explosion, which broke windows in residences two blocks away. The Lawler home was practically destroyed.

### ARREST LABOR MEN

Seven Officials of A. F. of L. Held For Holding Meeting Without Permit

PITTSBURGH, Pa., Aug. 4.—Seven organizers and officials of the American Federation of Labor were arrested at North Clairton, a suburb, yesterday, for holding a meeting without a permit. They were released on bail for hearing Wednesday.

Keep in touch with local events by having The Sun mailed to you while on your vacation.

## ADVERTISING A JEWELRY STORE

We have an interesting account the other day of a store run by a man named Symon at Tacoma, Wash. Symon started his establishment as a "two-man store." There was a watchmaker and himself. It gets a watchmaker's "quart" to have to be jumping up from his desk to wait on customers. Even if three or four customers come in during a forenoon and buy a \$300 diamond each. So Symon himself did the selling.

"Just because I am a little store is no reason I shouldn't advertise," said Symon to himself, "and in fact being a little store I got to advertise because it is harder for the public to find a little store." So Symon advertised and he advertised extensively. After he advertised and folks came to his little store, he took pains to maintain one price and not to "hyp" his customers.

To make it a short story, the Symon store has now grown so that it requires five salesmen and it takes a justifying, profitable business to keep five jewelry salesmen busy. Symon's example is worth the study of every small jewelry establishment in Lowell. Of course newspaper advertising and Symon's business ability, were what expanded the two-man store so that it needed five men. We take it Symon found an evening paper in Tacoma that was doing as much for Tacoma advertisers as is being done for advertisers here by

## THE SUN

Lowell's Greatest Newspaper

## WHO WON THE WAR?

Who started the war is a question that may be decided when the former Kaiser of Germany is brought to trial. That is perhaps quite as important as who ended the war, but there seems to be a great diversity of opinion on both points, particularly on the latter.

Who ended the war, or in other words, which power was it that stopped the Germans is a question now being largely discussed in newspapers and magazines by military and other authorities. Some writers undertake to say that no single power ended the war or made possible the victory over Germany. While we are not disposed to deny full credit to every power that helped to defeat the Huns, we still insist that it was the United States that ended the war at a time when the allies had almost given up hope of defeating the enemy.

It is true that heroic little Belgium deserves much of the glory coming to the forces that withstood the early shocks of the German attack. Her armies did splendid work considering the vastly superior forces with which they had to contend. Then comes France whose armies fought all through the struggle with a glorious abandon never excelled in history. Russia threw her millions of soldiers into the fray on the eastern front and compelled the central powers to hold there a large proportion of their forces that would otherwise have been assigned to the western front. England sent her armies to assist on the western battle front, while her navy was employed all over the Atlantic and wherever a raider or a submarine was to be found or wherever a blow was to be struck on the high seas. Her navy maintained the blockade that cut off German supplies both of food and ammunition. That was a most important function in the war. But when Russia dropped out of the struggle, the question of victory hung in the balance with the chances, so far as human intelligence could discern, all in favor of Germany.

It was at this time that the United States cast her weight into the scale in favor of the allies when with wonderful rapidity their cause was saved, the enemy put to rout and speedily compelled to sue for peace.

Had not the United States entered even in the final stage of the struggle, there is the very strongest grounds for assuming that the allies, in spite of all their resources and all their heroism, would have been compelled either to surrender, or to make a compromised peace.

Our going into the struggle, therefore, might be aptly compared to the ever memorable aid brought to the cause of the American colonies by the assistance of the French under Lafayette in our war of independence. Historians acknowledge that the colonies might have been defeated and in fact would probably have been defeated, but for the aid of the French. So in the great world war, the United States came with the balance of power necessary to turn the scales in favor of the allies and in so doing, we claim for the United States, the credit of winning the war, of smashing forever the power of German militarism and compelling the central powers to accept whatever terms the victorious allies see fit to dictate.

## BUILDING ACTIVITY

Building operations all over this country are reported to be exceedingly active at the present time.

commission can have the plans already drawn revised again and again if necessary, until the expense comes within the available funds. The appropriation made should certainly be sufficient to build a high school that would meet all the requirements of the situation; yet it is rather discouraging to find some members of the commission asserting that the total appropriation of \$1,450,000 is inadequate.

The question is one of adapting the plans to the resources at command. Simply this and nothing more. The public expects the commission to solve this question in a businesslike manner without soaking the city for needless architectural effects which under present conditions it would be an utter waste of money to include in a high school building.

## REVIVING THE PALE

The Northcliffe papers in England are discussing a method of selling the Irish question by setting up two parliaments, one for Ulster and another for the other three provinces. The Irish people will have nothing to do with any such plan. They will not stand for a partition of the "Pale" of infamous memory. The Irish people have been fighting for many hundred years for real freedom and they will continue to fight until they get it, even if they have to wait until the present coalition ministry be swept away and until some real statesmen becomes premier of England with courage enough to restore majority rule in Ireland and to ignore the cackle of the noisy minority, which under government connivance and support, has lorded it over the majority ever since the Irish people of Ulster were dispossessed of their lands to make way for English and Scotch settlers.

## PENNY PROFITEERS

The government agents, we understand, have at last awoke to the necessity of looking after the "penny profiteers." That is the term applied to the small stores which during the war and up to the present time have held prices higher than those enforced upon the large stores. It is time to call a halt on this numerous class of profiteers who charge a cent extra upon a loaf of bread, a pound of sugar, a can of soup and on most of the other small purchases. This penny added on each small purchase nets a large percentage of profit in the long run so that there is just reason for complaint against those who practice this method of extortion.

The Sun has received a notification from Col. Francis R. Shunk of the army engineers, that a hearing is to be held at Manchester, N. H., Aug. 13, to obtain information on the matter of the feasibility of establishing artificial reservoirs to store Merrimack river water, up in central New Hampshire. It will be remembered locally that The Sun had an article of some interest on this matter ten days ago. This Col. Shunk is the same army officer who turned in a report adverse to making a shipway of the Merrimack river from Hunt's Falls to the sea. It is on this account that Lowell people will feel that if Col. Shunk presides over the hearing at Manchester, Aug. 13, the water storage proposition is not likely to start off under particularly auspicious circumstances, because here we cannot recognize Col. Shunk as being either a friend of this honest and industrious river or the valley where so many thousands of people are dependent on the river indirectly, for employment.

Have the past five years been years of prosperity? In the past five years the cost of living has increased 57 per cent and the purchasing power of the dollar has decreased 37 per cent. Now figure the wage increase in your own case and you may obtain a reliable answer.

Pity the poor railroad trainmen who come before the president and his cabinet with tears in their voices, saying wages must be hoisted again. In 1918 all the raise they had amounted to \$353,000,000, and it costs them more to live than anyone else.

That lone member of the Montana senate who voted against ratification of the suffrage amendment, if married, puts himself under suspicion of having a home where he is not boss. If single he puts himself under suspicion of having been recently jilted. He may have secured temporary publicity but not publicity of the right kind.

## MAN ABOUT TOWN

When I asked a Lowell butter and egg man what accounted for this awful increase in the price of coffee he said: "During the war European markets were closed to South American coffee growers and although almost every commodity was advancing rapidly the United States offered practically the only coffee market. With the end of the war growers could again sell their coffee in the European markets and Europe's supply of coffee for instance was either totally exhausted or at a low ebb. One other thing that makes coffee come high is the boost in the price of the machinery used to prepare it for market. One machine used to be bought for the equivalent of 50 bags of coffee. Now it requires 150 bags of coffee to buy it." I doubt if this is very satisfactory and I am sure all of us are paying more for coffee than we ever paid before and in most cases more than we can really afford. But the maternal cup of coffee seems to be a necessary part of the morning menu.

Now that the county has no further use for the Lowell jail, several people have asked, "why not obtain it for a city police station?" As it is one of the best constructed institutions in the country there is no doubt that it would make an admirable police station and its location, away from the center of the city, would not argue too strongly against acquiring it, but there are two barriers, each high enough to prevent it. One is, the county very likely does not care to sell it, while the other is that the city has no money whereby to purchase it, at least, not without borrowing and that is out of the question at the present time.

We have at times taken the hammer in hand to knock old Bill Bay State and his employees, but this time we'll put the "belting device" on the shelf, and grind out a justifiable word of praise for a motorman, on one of the ten cent fare conveyances. Last Saturday night at about 7:30 o'clock, "Dan" Rousseau, who manipulates the brakes on a Chelmsford Center car performed a deed that entitles him to commendation, when his cool head and rapid and scientific application of the emergency brakes prevented a serious and possibly fatal accident. The car which he was driving was going up Chelmsford street, near Midland street. At this point there is quite an incline. The car had just negotiated the hill and suddenly a boy, about six years old, dashed out of Midland street and attempted to cross in front of the car. He stumbled and fell right across the tracks and only about 10 feet in front of the car. He immediately became hysterical and began to cry. Motorman Rousseau threw on the emergency brakes, and brought the car to a stop about two feet from the prostrated form. He got out and picked up the boy and after assuring him that he was all right and warning him never to attempt such a stunt, boarded the car and continued on to Chelmsford Center. Persons on the car and nearby warmly praised the motorman for his work.

## SEEN AND HEARD

Lowell women tell the park commissioners they won't stand for a one "piece" treaty.

The Thorndike street college is to be closed and its students carry on studies at Cambridge.

Each day is one day nearer that fatal Aug. 11 when State Treasurer Burritt says the doughboy may hang up his stocking.

The C.M.A.C.-Billerica Car shop ball game makes the fences at Spaulding park bulge with fans willing to pay 15 cents a head to see baseball comparing favorably with minor league ball. Is there any moral to be drawn?

When the slick city fellow comes to buy your apples, Farmer Cousin, remember that this is the year when there will be more demand for your orchard's product than you ever knew before.

The young man about town had just been accepted by the one girl in the world who, nevertheless, was a member of a 40-strong beauty chorus. "So you think you love her?" smiled his father.

"I know I love her," swore the infatuated youth. "Are you sure you love her as much as you think you do?" "I'm sure of more than that. I love her as much as she thinks I do."

## A Queer Job

"Labor unrest," said a banker, "was to be expected in Europe, for wages over there are terribly low."

"In France, for example, good gardeners used to be content to work for 50 cents a day."

"The European laborer was very much in the position of a boy I once saw hoeing potatoes on a Shawnee farm."

"Boy," I said to him, "what do you get for hoeing those potatoes?" "Nothing if I do," said the boy, "but a lot if I don't!" —Washington Star.

## Why Knots Are in Boards

We find knots in wood, or boards, which we notice in a lumber pile or in any other place where boards happen to be, because the smaller limbs which grow away from the larger limbs of the tree grow from the inside as well as the outside of the tree.

When you see a knot in a board it means that before the tree was cut down and the log sawed up into boards a limb was growing out from the inside of the tree at the spot where the knot occurs.

You will also find that the wood in the knot is harder generally than the rest of the board. This is because more strength is required at the base of a limb and in the part of the limb which grew inside the tree than in other parts, for the limb must be

strong enough to support not only the limb itself, but also the smaller limbs which grow out of it.—Seattle Post-Intelligence.

—J. P. McEvoy in Chicago Tribune.

## The Lawrence Cyclone

A claim that about 15 years ago the city of Lawrence was very much damaged by a severe wind storm, in which buildings were torn down, etc.

It claims that no New England city has ever been damaged to any extent by a wind storm.

Will you help us out? M. M.

A right. The "Lawrence cyclone" occurred Saturday, July 26, 1890, at 9 a. m., causing terrific havoc in Lawrence and all the region just west of the Merrimack river.

Eight persons were killed and about 30 injured. Trees were rooted up, telegraph poles blown down, and whole houses carried away. The damage tallied about \$60,000. The fire department and the militia were called out, the latter being summoned for the first time in the history of the city. Martial law lasted for three days.

The mayor at that time was Dr. John W. Crawford. He called a relief committee which raised \$37,560. Thousands came from all over the country to see the wrecked city.

## When the Milvus Drives

We have a little Silly Six That motivates with gas, And round among the swells and hicks In state we used to pass; But now a doom is on the bus And every one is a hick.

For O, the desperate squeal! The clashing gears, the shrieking The moan of tortured wheels.

We have a little Silly Six That used to bring us joy With cunning ambulating tricks Among the hot polli; But now the vista of cares And pains has fled away, I've learned a lot of brand new prayers.

Since wife drives the car.

## TOUR OF THE VATICAN CHOIRS AND SINGERS

A relative idea of the interest in the forthcoming tour of the Vatican choirs and singers from the Roman basilicas is announced by J. J. McCarthy and Theodore Mitchell of New York, who are handling the business details of the proposed concert. It was stated that within five days of the first official announcement of the plans for the limited number of concerts to be given in the United States and Canada over one-third of the tour was booked up and in each instance the enormous expense entailed in bringing this body of 70 singers of the Vatican choirs is more than guaranteed by the local interests that are handling the concerts in their respective cities.

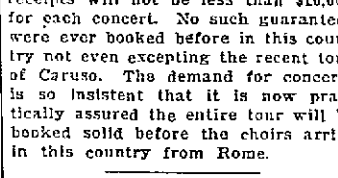

To date 25 concerts have been booked and will be distributed throughout the following cities: Baltimore, Philadelphia, Chicago, St. Louis, Cleveland, Columbus, Dayton, Ohio, Indianapolis, St. Paul, Minneapolis, Des Moines, Ia.; Omaha, Kansas City, Seattle, Portland, Ore.; San Francisco, Oakland, Cal.; Los Angeles, Montreal, Ottawa and Toronto.

The extent of the tour is easily recognized. In each instance the management of the tour has been guaranteed that the choir's share of the receipts will not be less than \$10,000 for each concert. No such guarantees were ever booked before in this country not even excepting the recent tour of Caruso. The demand for concerts is so insistent that it is now practically assured the entire tour will be booked solid before the choir arrives in this country from Rome.

## CLEMENCEAU HAS CITED THE CITY OF PARIS

PARIS, Aug. 1.—Premier Clemenceau has cited the city of Paris in army orders as follows:

"The city of Paris, a capital magnificently worthy of France, animated by patriotic faith which never faltered, bore with firm and smiling courage frequent bombardments by aircraft and long range guns from 1914 to 1918, and has added deathless chapters to her secular glory."

## LOOK OUT FOR THE BEAN CATERPILLAR

Attention is again called this week to the bean caterpillar or bean leoper which has been doing so much damage to the bean crop throughout the country. Perhaps the best method to control this insect is to use the arsenate of lead spray, preparing the mixture by using 1 tablespoonful of the arsenate of lead past to 1 gallon of water. Before spraying, however, all beans that are ready to eat should be picked from the vines. Of course shell beans need not be picked as the pods themselves are not eaten and the spray will do no harm if it gets upon them. The underside of the leaves should be sprayed as the insect attacks the leaves on the bottom side.

The Phoma stem blight is now appearing on the potato crop in many sections of the country. The cause and remedy for this disease has not yet been determined. Last year the Phoma stem blight struck in quite heavily and this year more of the disease has been found. It is a fungus disease which causes silvery, brown lesions to appear on the stems of the plant just above the surface of the ground. The whole plant withers and in a few days dries up and dies.

Spraying cucumber and melon vines at this time of the year is quite important as the home gardener may be able to double his crop by spraying at this time. Blight usually strikes in heavily on all crops during August and cucumbers and melons should be sprayed every few days with Bordeaux Mixture.

During the past week the plant lice or aphids infested many gardens throughout the country. Not only has it attacked the potato and tomato crops but has even appeared on cabbages, beets and spinach. As soon as signs of plant lice are seen one should spray immediately with Nicotine Sulphate preparation, and continue to spray the plants every two or three days until the lice are under control.

This is the time of year when string beans may be obtained at very little cost for canning purposes. If one has more beans in his garden than he can use for canning, he should allow the string beans to grow until they are dead ripe and then use them as shell beans or else save them for seed. This is one of the times in the year when beans may be obtained at a cheap rate for canning or pickling. Later in the fall they may also be obtained very cheap.

Endive and Cos lettuce may now be blanched. Tie the outer leaves of the plants together overhead. Cauliflower should also be tied when the heads begin to appear down inside the leaves.

The home gardener should be particularly careful at this time of the year in seeing that the weeds in his garden are not allowed to go to seed. Taking

## SEEK ARMED BANDIT

Intervale, N. H., Fashionable Summer Resort, Terrorized—Governor Acts

CONCORD, N. H., Aug. 4.—Armed with a rifle and plenty of ammunition, an alleged bandit, head of a trio which robbed the summer home of Seth B. Robinson, New York attorney, is at large in the woods about Intervale, a fashionable summer resort.

## To Run Him Down

The district is so terrorized that Gov. Bartlett has issued orders to Atty. Gen. Oscar L. Young, who in turn has ordered County Solicitor William J. Britton to use all available resources in running down the man.

Action was brought about by a communication from the New York lawyer whose home was broken into earlier in the summer and \$3000 worth of loot taken. Since that robbery two arrests have been made for the break, but more attempted larcenies by the rifle-armed bandit has terrified the entire neighborhood, and the popularity of the resort is waning rapidly.

Servants refuse to work at Intervale, the communication stated, and New Hampshire is losing its popularity as a vacation spot, the New York man asserts. The name of the alleged bandit is not disclosed, nor is any description available. Whether the authorities know who the man is or where he is in hiding could not be learned, but prompt action at the governor's request it is believed will land the man wanted.

## AUTO STRIKES TREE TWO INJURED

As a result of an automobile accident, which occurred in Billerica Saturday night, John A. Wilson, home address unknown, and Keon Dragon, of 25 Fourth street, this city, two soldiers from Camp Devens are at St. John's hospital, the former suffering from a fractured skull and the latter from cuts and bruises of a minor nature. Wilson, so it was stated at the hospital this morning, is in a serious condition although he has improved some since the time of the accident. It is claimed that the automobile was stolen earlier in the night in Lawrence.

The accident occurred in Billerica at about midnight Saturday when the car left the road at a point near the Corner bridge and crashed into a tree. The two soldiers were found lying by the roadside in an unconscious condition by Warren Metcalf of this city, who at once notified Officer Livingston of the town constabulary, and the two injured men after being given first aid by Dr. D. J. Cilley and Dr. N. K. Forhan, were removed to the hospital.

Later Officer Livingston reported the accident at the local police station and it was then that it was found that the automobile was that of Dr. Dushold of 80 Sanders street, Lawrence, which was reported stolen earlier in the evening. According to the police the machine was taken from Essex street, Lawrence, at about 11 o'clock. The car was badly wrecked.

## A LITTLE SALE OF Raincoats

All told there are but 37 Coats, representing 10 lots—Sizes 34 to 46.

## Double and Single Textures — Stitched and Cemented Seams — in olive drab and tan colors.

Just a clean-up of various lots that sold for \$10, \$12, \$13 and \$15.

\$8.50

## PUTNAM & SON CO.

156 Central St.

the weeds in hand at this time means ten times the amount of labor saved next spring. Perhaps the best way to get rid of the larger weeds is to pull them up, let them dry out thoroughly and burn them in a pile. If the weed seeds are ripe they should not be handled roughly as they are liable to fall out of the seed pods.

Many gardeners can save many of their garden seeds to advantage. The seeds of squash, lettuce, radishes and beans may be easily raised in the home garden. One should see to it, however, that the seeds are harvested from plants that have made a quick, vigorous growth and are free from all diseases.

## BRITISH WEST INDIES MAY BE CEDED TO U. S.

LONDON, Aug. 4.—The National News says a suggestion that the British West Indies be ceded to the United States in part payment of Great Britain's war debt is being considered seriously on both sides of the Atlantic.

## Couch Hammocks

We have a fine line of COUCH HAMMOCKS which came in late and which we offer at greatly reduced prices. A good opportunity to get one much cheaper than next season.

## BUY ONE NOW

## VUDOR PORCH SHADES

Will make your piazza into a living room; sizes 4 ft. to 12 ft. You'll enjoy your piazza much more if fitted with a VUDOR SHADE

## Resinol for that eczema

Little watery blisters that appear on the skin and then break, accompanied by angry looking inflamed spots or sores that spread, with intense itching, generally can be described as eczema.

Resinol Ointment acted by Resinol Soap results in giving immediate relief and with perseverance, usually clears away the trouble entirely. Always thicker at night, than in the day.

Sold by all druggists. For free samples write Resinol, Baltimore, Md.

## OVATION FOR MARINES PLANETS MOVING INTO HUGE DANGER ZONE

Vanguard of "Devil Dogs"

Given Enthusiastic Reception at New York

NEW YORK, Aug. 4.—Approximately 5000 marines, vanguard of 16,000 "devil dogs" whose exploits in Belleau woods, at Chateau-Thierry, Soissons and other former battle fields, make up a part of the record of the Second (regular) division to which they were attached, arrived here yesterday on the transport George Washington.

Led by Maj. Gen. John A. Lejeune, the marine officer who commanded the Second division, the troops came into port to a tremendous ovation. Major George Barnett, commander of the Marine Corps, went down the bay with his staff to welcome the fighters.

Contingents aboard the George Washington included the entire Fifth Regiment of Marines and the Second Battalion and supply company of the Sixth Regiment.

Immediately upon his arrival, Gen. Lejeune was informed that the war department had ordered concentration of his entire division in camps near New York for a parade which will be held about Aug. 12 when all units of the division save the First Signal Battalion, which was left with the army of occupation will have returned.

The famous "devil dogs" it was learned, were given a rousing farewell when they sailed from Brest. Two French gunboats escorted the George Washington out of the harbor and fired salutes as they dropped the transport out at sea.

Andre Tardieu, formerly head of the French mission to the United States, sent a special letter to the marines before they departed, declaring that "the fame of Belleau wood and the marines will never die," and that the entire Second Division had proven itself a "corps d'élite."

Forty-eight of the "devil dogs" brought home war brides. The transport Santa Clara also arrived from Brest with 730 infantry officers and men of the Second Division.

### REPORT OF DEATHS

For the Week Ending Aug. 2, 1919

- July 25—Patrick Cuff, 81, arterio-sclerosis.  
William Smith, 80, arterio-sclerosis.  
John F. Barros, 5 d, gastro-enteritis.  
26—Catherine J. Feeney, 4 m, broncho-pneumonia.  
Narcisse Prince, 72, mitral insufficiency.  
Mary D. Burns, 42, arterio-sclerosis.  
Joseph E. W. Milhomme, 2 m, gastro-enteritis.  
27—Ernest Silva, 3 m, diphtheria.  
Ella Heroux, 37, broncho-pneumonia.  
Anders Thomasson, 74, arterio-sclerosis.  
28—Joseph M. Lafontaine, 7 m, cholera infantum.  
Josie Jankowska, 9 m, gastro-enteritis.  
John Madden, 7 m, enterocolitis.  
William A. Cloutier, 3 m, gastro-enteritis.  
—Walsh, 1 d, atelectasis.  
29—Albert A. Champagne, 3, broncho-pneumonia.  
Wladyslaw Tymowicz, 10 m, gastro-enteritis.  
Michael F. Hetherman, 4 d, premature birth.  
Amedee Calmand, 22, appendicitis.  
John Scrings, 3 m, atelectasis.  
30—William J. Badore, 3 m, atelectasis.  
Panagiotis Manos, 2 m, indigestion.  
31—Joseph A. Theriault, 1, gastro-enteritis.  
Ellen V. Roy, 8 m, gastro-enteritis.  
Martha N. Oliveira, 3 m, gastro-enteritis.  
Paul Demault, 10, gang. pharyngitis.  
Esther D. Williams, 46, chr. valv. heart disease.

STEPHEN FLYNN, City Clerk.

### ACCEPTS RESIGNATION OF SERBIAN CABINET

BELGRADE, Aug. 4.—Prince Alexander, the Serbian regent, has accepted the resignation of the cabinet.

The Serbo-Croatian ministry's impending resignation became known last week, but no details concerning the reasons for this action have been forthcoming.

### BELA KUN WILL BE INTERNED

COPENHAGEN, Aug. 4.—Bela Kun, deposed Hungarian soviet leader, has arrived in Vienna where he will be put in an internment camp, according to a despatch from Vienna received here yesterday.

BY PROF. ALBERT F. PORTA

Noted Sunspot Forecaster and Discoverer of "Porta's Weather Laws."

Owing to a strange grouping of six mighty planets, such as has not been seen in a score of centuries, the United States next December will be swept by the most terrific weather calamity experienced since human history began.

It will be caused by the hugest sunspot on record—

A sunspot that will be visible to the naked eye.

Since men first began to make records of events no sunspot has been large enough to be seen without the aid of instruments. This one will be.

The sunspot that will appear December 17, 1919, will be a vast wound in the side of the sun.

It will be a gigantic explosion of flaming gases, leaping hundreds of thousands of miles out into space. It will have a crater large enough to engulf the earth much as Vesuvius might engulf a football.

Such a sunspot will be rich enough in electro-magnetic energy to fling the atmosphere of our planet into a disturbance without precedent or parallel.

There will be hurricanes, lightning, colossal rains.

It will be weeks before the earth

will regain its normal weather conditions.

There will also be gigantic lava eruptions, great earthquakes, to say nothing of floods and fearful cold.

I make this startling prophecy with no desire to be merely sensational or alarming. It is merely because my study of the planets has revealed certain results with mathematical certainty, that I now say to you.

"Be warned in advance. Tremendous things are going to happen from

December 17 to December 20, 1919, such positions that they pull together on the sun—either in "conjunction" or on the same side of the sun, or in "opposition" with the sun between them—their united pull causes the sun's gases to "explode"—to leap out into space in the whirling volcano we call a sunspot.

These sunspots in turn cause storms in the atmosphere of our earth—doubtless on other planets as well.

Two planets, united, are enough to cause a small sunspot and a small

storm. Three cause a larger one—four make a very great storm indeed.

But—on December 17, 1919, no less than seven planets will pull jointly on the sun. These will include all the mightiest planets, those with the most powerful pull.

Six of them—Mercury, Mars, Venus, Jupiter, Saturn and Neptune—will be in conjunction; grouped together in the greatest "League of Planets" ever known in the annals of astronomy.

They will be massed in the narrow limit of but 25 degrees, on the same side of the sun.

Directly opposite, coming into opposition with this gigantic league, will be the huge planet Uranus. The magnetic currents between Uranus and the six planets will pierce the sun like a mighty spear.

Our earth is outside the league at an angle of nearly 90 degrees—in perfect position to receive almost the full force of the monster electrical disturbance as it leaps into activity on what, to us, will be the eastern horizon of the sun's disk.

This means we shall get the full strength of the storm when the sunspot is at its worst, before the exploding gases have had time to die down.

Such a grouping of planets has never been recorded before. The whole solar system will be strangely out of balance.

What will be the outcome? My knowledge does not permit me to state, beyond the fact that the storms, eruptions and earthquakes will be tremendous in their strength and scope.

## GOVERNMENT PREPARES TO FIGHT PROFITEERING

WASHINGTON, Aug. 4.—Steps toward reducing the high cost of living are expected this week.

While all government departments are working toward the end of alleviating unrest by restoring a normal level of prices, interest centers in the meeting Tuesday of the conference called by Atty. Gen. Palmer to consider the best method of procedure, especially with respect to profiteering.

The committee appointed by the conference—Director General Hines, Asst. Sec. of the Treasury Leffingwell and Chairman Colver of the federal trade commission—have been engaged in an exchange of memoranda which will be put before the conference for recommendation to President Wilson, who is following all steps closely.

The presence of Julius Barnes, director of the United States Grain corporation, at a meeting Tuesday will give expert counsel to the cabinet members and other officials on the grain situation.

Consideration of a plan to sell wheat in a free market, the government absorbing the difference between the market price and the guaranteed price, is believed certain.

### Palmer Studies Profiteering

There are indications that the attorney general is paying especial attention to cases of profiteering. He has at his disposal a great volume of information collected by the federal trade commission, showing production costs in scores of industries.

While there is no law by which profiteering may be punished directly, Mr. Palmer has said that there is a great deal of "good law" on the statute books and it is believed he will find a way to punish any cases where there are evidences of extortion.

The average citizen is the man in whose behalf the profiteering investigation will be pushed, despite the fact that it was the new demands of the railroad labor unions which precipitated it.

Several officials have expressed sympathy with the salaried man who lacks the backing of powerful organization.

### Cabinet Meets Tomorrow

The cost of living situation, it was learned today, will be one of the chief topics to be discussed at tomorrow's cabinet meeting. The question was brought up at last week's meeting, but it is understood that President Wilson and his advisers decided to postpone efforts to reach an agreement as to definite action pending the obtaining of definite information.

Some members of congress believe the president will address congress on the subject in the near future.

## AMUSEMENT NOTES

### THIS STRAND

A double-barrelled feature bill is on the tapis at the Strand, the first half of the present week, beginning today, Harry T. Morey, wonderfully intense actor, will be seen in "The Man Who Won," a story of the man who sought to round up the platinum supply of Asia for the United States government. It wasn't an easy task. The fight with the Malays in this is startlingly realistic. The love element is not missing. Funny Mabel Normand in "When Doctors Disagree" is also in this bill. In her latest Goldwyn play she does some things that have never been brought on the screen before—among others she flirts with chewing tobacco. Harry Cody will sing the latest songs, and there will be a farce comedy and the international work. The pony contest standing will also interest everybody.

### NATIONAL CHRISTIAN ENDEAVOR CONVENTION TO BE HELD IN JUGO-SLAVIA

BOSTON, Aug. 4.—Announcement of the first national Christian Endeavor convention in Jugo-Slavia this fall is made by Rev. Francis E. Clark, D.D., president of the World's Christian Endeavor union. Dr. Clark left here with several other officers today to attend the biennial conference of the United Society of Christian Endeavor at Buffalo, tomorrow.

Dr. Clark said that the advancement of the movement had continued during the war period despite the entry into service of more than 300,000 Christian Endeavorers.

### HIT BY AUTOMOBILE

Bernard Gerson, aged 14 years and residing at 20 Washington street, was struck by an automobile at the corner of Grand and Hale streets last night and received a fracture of the wrist. The owner of the car is George D. Morse, of 43 Cherry street, Danvers, who conveyed the boy in his car to St. John's hospital.

We wish to announce that we will gladly hold goods for 60 days. If you are not ready for your furniture just now we will keep it for you. Deposits may be made on furniture—we will hold goods until paid for.

We deliver Furniture FREE to any part of New England. Whether or not we will send furniture by freight or express is optional with us.

Buy furniture on the Morris Plan—absolutely no interest charges.

## WARSHIPS ROCKED BY DOUBLE EARTHQUAKE

ON BOARD THE U. S. S. NEW MEXICO, Aug. 4.—(By wireless to the Associated Press)—Six dreadnoughts of the Pacific fleet were shaken severely by a double earthquake at 5:18 o'clock Saturday afternoon, 20 miles off the coast of the State of Loma, Mexico. None of the warships reported any damage.

The New Mexico trembled from bow to stern as if she had struck an uncharted reef and the navigating officer sounded "collision quarters" on the flagship's siren.

Sailors in the foretop said the basket masts of the warships swayed like poplar trees in a gale.

Officers on the quarter deck hurried to their posts and the crew and the marines took their places. Meanwhile all watertight compartments on the New Mexico were closed and inspection parties were sent into the holds to see if there had been any damage to the hull.

Wireless telephone messages were received soon from the five other dreadnoughts reporting that they felt the shocks. The Mississippi heavy vibrations. "Just what I thought—an earthquake," Admiral Rodman said.

When the first tremor of the ship was felt those below hurried on decks. The faces of some of the recruits showed alarm, as the men stood at quarters awaiting orders, while the flagship rolled and pitched in the heavy ground swells that followed the shocks.

Admiral Rodman kept the crew at quarters for 15 minutes and then ordered the "secure signal" to be sounded. He took the whole incident as if it were a matter of routine, giving his orders quietly on the quarter deck while officers and men were running to their posts in the tense excitement of the first few minutes.

One of the officers reported that he believed the earthquake came from an old crater in the Sierra mountains which fringe the coastline near here, dropping off into the sea.

The 1500 residents of St. Pulaski, Ill., had to go for 48 hours without a bath. A water consumer left his faucet open all night and morning found the city supply tank empty.

For a Lowell resident a vacation without The Sun would be rather gloomy. Order it mailed to you while you are away.

## SOME INTERESTING FACTS ABOUT SUGAR

BY E. W. G.  
Sugar is called a carbohydrate because it contains the element carbon in chemical combination with oxygen and hydrogen. Sugars are given popular names denoting their origin as cane sugar, beet sugar, grape sugar, maple sugar and milk sugar.

In the 12th century sugar-cane was grown in Cyprus whence it was transported to Madeira; in the 16th century it was carried to the West Indies and later as a result of the Crusades, it was introduced to Europe.

The large sugar industry is only of recent date, but history gives evidence that sugar manufacture was anciently known in India and China. Only the sweet juice was known then for the art of boiling it down and refining it was invented in the 16th century by a Venetian.

Some of the machines which were used anciently in India and China are still in use. An old Indian sugar mill consists in a mortar made by cutting down some hard wood tree and hol-

lowing out the part left standing into the form of a mortar. A small hole is bored obliquely from the bottom of the cavity to a jar which holds the juice carried to it through that passage. Two men, with the aid of oxen, crush the sugar-cane in the mortar and thus produce the thick sugar-syrup. Ancient refining consisted in merely clarifying the syrup and producing a sort of sugar candy.

The principal source of sugar is sugar-cane. This cane is raised successfully in India, Australia, South America, South Africa, Formosa, Philippines, Hawaii, Gulf Section of the United States, Mexico, Porto Rico and other islands of the West Indies. But Cuba and Java excel all these for they are called the sugar-bowls of the world.

The sugar-cane is a creeping root which sends up stems 8 to 12 feet high. The canes grow covered with ribbon-shaped leaves and blossom with flowers over a yard in length. When the canes are fully ripe they are cut a little above the ground and tied in bundles for the mill. Fresh canes spring up so that one plantation does not have to be renewed for several years.

The principal step in manufacturing

sugar from cane is crushing. The juice is then boiled and combined with white wash, which removes impurities. The syrup then consists of sugar and molasses which are separated by whirling in a centrifugal. The raw sugar from the centrifugal is next refined by dissolving in hot water and filtering through cotton bags. Next it is treated with charcoal which leaves it in a purified, decolorized condition. This liquid is boiled in vacuum pans until it reforms into crystals and the granulated sugar of commerce. The method with beets is practically the same as with cane. As for the other sugars—grape sugar constitutes the hard granular sweet masses in old dried fruits, as raisins, figs and so on, and is obtained for the market through chemical processes. Maple sugar is obtained by boiling the juice of the sugar-maple in vacuum pans. Milk sugar is an animal product and is obtained by separating the curd from the milk and evaporating the whey until it is ready to crystallize.

That sugar is valuable as a food, may be culled from the following table which gives energies when consumed as food:

Meat and fish	87 p.c.
Eggs	89 p.c.
Fruits	80 p.c.
Cereals	31 p.c.
Dairy products	33 p.c.
Vegetables	35 p.c.
Sugar	95 p.c.

To show that the value of sugar is now being realized let us relate the increase in its consumption from the 50's to the present. In the early 50's the people got along with a family consumption of two pounds a week; in the 80's they ate more than six pounds a week and today nearly every American family consumes between eight and nine pounds of sugar from Saturday to Saturday. We eat more than eight pounds of commercial, store-bought, refined sugar. These figures represent our national average. In two generations we have developed a national sweet tooth calling for more than four times the sugar it formerly used. If the demand for sugar increases we must increase our facilities to at least seven times their present capacity. Nevertheless, if the demand should not increase the importance of this crop among the world's productions has been established beyond question or doubt.

Now that the 12 sons of Manny Brunner, a 74-year-old negro of Talequah, Ok., who were in the service are returning from the war, all his 32 living children will soon be in this country. Twenty of them are boys and 12 are girls. There are five pairs of twins.

## TWO LAWRENCE BOYS DROWN IN POND

METHUEN, Aug. 4.—Ludovico De Nunzio, 14 years old, of 53 Oak street, and Giovanni Giglio, 15 years old, of 97 Elm street, both of Lawrence, were drowned yesterday afternoon while swimming in Hill's pond. More than a score of persons witnessed the accident, but were unable to reach the youths. Their bodies were recovered about an hour after they disappeared below the surface.

According to witnesses the boys had been diving from a log raft about 25 feet from shore. De Nunzio dived from the raft and upset Giglio, throwing

SPASM OF RAGE  
AND DESPAIRFinal Remains of Civilization  
May Be Totally Annihilated, Says Henderson

British Labor Leader Predicts Terrible Winter For Peoples of Europe

Lucerne, Switzerland, Sunday, Aug. 3.—A terrible spasm of rage and despair before winter among the peoples of Europe, in which the final remains of civilization may be totally annihilated, was predicted by Arthur Henderson, the British labor leader, at the opening of the international socialist conference yesterday. He said the principal points of the peace treaty ought to be revised thoroughly and immediately.

Otto Wells of the majority element of the German socialists, declared that the German workmen expected from the socialists the creation of a real League of Nations. He characterized the league organized in Paris without Germany and Russia, as members, as a "mere pleasanter."

Condemnation of support of Admiral Kolchak by the entente nations was expressed by James Ramsay MacDonald, of the British delegation, and Marcel Cachin, the French socialist leader. Both demanded that an energetic attitude be adopted by the socialists toward these nations.

Emil Vandervelde of Belgium, gave his opinion that it would be impossible to reconstitute the international socialist organization until the question of war responsibilities was settled. He declared that it would be impossible to merge the second and third international socialist organizations for the reason that while the second aimed at a revolution by the majority element among the peoples in conformity with democratic principles, the third was for immediate revolution by the minority.

STRIKE OF LOCOMOTIVE  
ENGINEERS IN LONDON

LONDON, Aug. 4.—A strike of one of the branches of the Associated Locomotive Engineers, involving 6000 men, failed to entirely tie up the Southwestern railway today. The superintendent of the southwestern stated that the entire electric service was operating. The company announced later that train service might be considerably restricted.

## Lowell's Housing Bill

Continued

expected within a day or two and will probably make arrangements to meet Mr. Macomber. The latter's letter which was received this morning is as follows:

August 1, 1919.

Lowell, Mass.

Dear Mayor Thompson:

After talking with you over the long distance telephone on Wednesday, and consulting further with our legal division, it seems to me that it may be important to talk over the Lowell situation with you personally.

Mr. L. K. Sherman, president of the corporation and I, rather expect to be in Bridgeport some time next week and may be well that we shall spend part of a day at Quincey. If agreeable to you I should, therefore, like to wire you when our plans are definite, with the request that you meet me in Boston, so that I may go over in detail the difficulties with which we have been confronted and be able to suggest for your consideration, the possible ways in which the claim of the city of Lowell against this corporation can be legally collected. It seems to me that we probably can get farther in this way than by forwarding you copies of the correspondence that has passed between our legal division and Mr. James K. Kernin, our local attorney at Lowell.

May I again express to you my deep regret that this just and moral claim of the city of Lowell against the United States Housing corporation should have become so involved in technical rulings as to warrant you in feeling that the government was seeking to evade its honest debts. It is perfectly plain to all of us here that a contract was entered into in good faith, that the city of Lowell did everything that it could to keep its part of the contract, and that it could have done to meet a war emergency and that the adjustment agreed upon should be satisfied. The only question is how we can legally do it without a special act of Congress.

With kindest personal regards and in the hope that I may have the pleasure of seeing you next week, I beg to remain,

Very sincerely yours,

IRVING E. MACOMBER,  
Vice President United States Housing Corporation.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

PERSHING TO  
SAIL SEPT. 1Coblentz Will Become the  
Headquarters of American  
Forces in EuropeHeadquarters at Paris To  
Close Aug. 20—Pershing  
on Final Tour of Battlefield

COBLENZ, Saturday, Aug. 2.—(By the Associated Press)—Coblentz will become the headquarters of the American forces in Europe when American Grand Headquarters in Paris are closed August 20. Antwerp will be the base port for the American contingent that is to remain on the Rhine indefinitely.

General Pershing, who arrived here today on his final tour of the battlefield, said he intended to sail from Brest about Sept. 1. The composite regiment of picked men that marched in the Paris and London Victory parades, probably will sail with him.

General Pershing and Major General Henry T. Allen discussed the personnel of the permanent American garrison that is to remain here after the departure of the Third Division next week.

General Pershing said the area to be occupied by the Americans on the Rhine had not been determined by the inter-allied council but that a decision was expected soon.

The French have virtually completed plans to take over the districts to be evacuated by the homeward bound American units.

General Pershing today visited the First Division, which is on the east bank of the Rhine and is preparing to turn over the bridgehead proper to French forces about August 15. First division units, according to the present schedule, will begin sailing from Brest during the last week in August. Officers said they expected the entire division to arrive in the United States just before General Pershing reaches there.

General Pershing, accompanied by Major General Hines and Brewster, and Brig. Gen. Connor, left tonight to continue his tour of the battlefields where Americans fought.

NEWS OF THE DAY IN  
THE POLICE COURT

Charged with stealing an automobile, valued at \$1000, the property of Dr. John D. Donovan of this city, Augustus McKenzia, a young Lowell man, was arraigned before Judge Enright in police court today.

A plea of not guilty was entered and a continuance granted until Aug. 7.

According to the police, the machine, which is a Buick roadster, was stolen last Monday afternoon from John street, where it had been parked by the doctor. Yesterday two of Dr. Donovan's brothers passed through Lawrence, en route to Hampton beach, and saw the stolen car on Jackson street. One tire had been removed and nobody was in the vicinity. The two men hid in the bushes and after a few moments three young men, one of whom the police say was McKenzia, returned with a tire. The Lawrence police were notified, and the tire arrested and taken to Lowell by Inspector Walsh. The two boys with McKenzia were afterwards released.

## Other Offenders

Lydia Reseau and Joseph Reseau—who said that they were man and wife—were found guilty of drunkenness. They were each sentenced to a month in the house of correction, and this was afterwards suspended on condition that they leave the neighborhood immediately. Both said that they came here from New Bedford a few months ago.

An argument over the financial affairs is alleged to have been the cause of James Dragatoris' presence in police court today charged with assault and battery on Angelika Zavarokte and Antonios Koungoulos. The case was continued until Wednesday, Dragatoris pleading not guilty.

Drunkenness cases were disposed of as follows: Michael Connors, \$15 fine; John F. Murphy, suspended sentence to state farm; Thomas M. Cox, suspended sentence to state farm; William H. Crawford, held in \$200 for sentence tomorrow; Frank Teague, \$15 fine; James P. McGrade, continued for sentence until tomorrow; Joseph Bedard, fined.

The probation officer issued 16 releases over the week-end.

## FIRE IN CLOSET

At 1:34 o'clock this morning there was a telephone alarm for a slight blaze in a closet in a house in C street. No damage.

## SUN BREVITIES

Best printing, Tobin's, Associate bldg.  
Shoe shine, Coughlin's, 10 Prescott st.  
Lending library at Kiltredge's.

Piero and Liability Insurance, Daniel J. O'Brien, Wyman's Exchange.

Rev. Rosario Jalbert, O.M.I., of St. Joseph's parish, is visiting relatives in Canada.

Mr. William Ready, of the Merrimack Clothing company, is spending two weeks in Maine.

Mrs. Hannah White, of the Merrimack Clothing company, is enjoying a two-weeks' vacation in New Hampshire.

Mr. and Mrs. Adelaar Gilman and their daughter, of Merrimack street, have returned from a week's rest at Long pond.

Miss Maria Albert has returned from Salisbury beach, where she enjoyed a two weeks' vacation.

Through a typographical error, the name of Miss Margaret Gillogly was omitted from the account of the reception to Privates Farrell and Maguire, in Saturday's paper.

Miss Anna Fay of North Adams and Miss Betty Shaffer of Williamstown are visiting Miss Fay's aunts on West Sixth street.

Through an error, the name of Mrs. John Farrell of Bridgeport, Conn., was omitted from the account of the reception to Privates Farrell and Maguire, in Saturday's Sun.

Mrs. Mabel Angove and Mrs. Lena Buswill of Broadway have been visiting in Boston, Lynn, Salem and Gloucester the past week.

Misses Daisy Boulger and Ada Heoley of Lawrence street will spend the month of August in Newport, Providence and Boston.

Mr. Leo Kennedy of Crane's avenue is at Hampton beach for the next two weeks.

Corp John J. Hurley, a well known young man of Belvidere, has arrived at Camp Merritt after serving a year overseas and is now awaiting his discharge.

Mrs. James Dillon, of 437 Chelmsford street received a telegram yesterday from her husband, Priv. James Dillon to the effect that he has landed at Camp Mills, N. Y. Private Dillon was with the American army of occupation in Germany.

Mr. and Mrs. James S. Williams and son, James C., of 302 Lakeview avenue left yesterday for an extended trip to the western part of New York state going by boat as far as Albany. They will visit relatives at Vernon Centre, N. Y. Utica and other points of interest.

Michael A. Lee, business agent for the local Carpenters' union and president of the Massachusetts State Council of Carpenters, will leave Saturday or Sunday for Buffalo, N. Y., where he will attend the annual convention of the New York State Council of Carpenters. This convention will be held August 11, 12, 13 and 14. Mr. Lee was chosen a delegate to the convention at the last convention of the Massachusetts state council, which was held in this city last February.

Mr. Clement Dumais, his two sons, Omer and Albert and his daughter, Clarisse, all of Dracut street, left last evening for Ramart, Ont., where they will make their home on the large farm recently purchased by Mr. Dumais. Mrs. Dumais and the other members of the family will go to Ramart in the spring.

Mr. Frank Burns, the well known pugilist of California and now of Providence, R. I., his wife and his manager, Mr. George C. Moore and the latter's wife were yesterday the guests of Mr. George Paquin, of Avon street. Mr. Burns expects to appear at a local club in the near future.

Charles Toupin, son of Mr. and Mrs. Hercule A. Toupin of Hildreth street, who was connected with the A.E.F. in France, has returned to his home. The young man has taken over the drug business conducted by his father at the corner of Cheever and Aiken streets.

Mr. Toupin, Sr. will devote all his time to his pulp business in Canada.

Mr. Nelson A. Huntley, of the Merrimack Clothing company is enjoying a week's vacation. Mr. Huntley had planned to go to Europe, but he was unable to secure a passport.

Mr. John F. Golden, of the Merrimack Clothing company is enjoying a two weeks' vacation, one of which he will spend at Willow Dale and the other at Old Orchard.

Members of the Manhattan club gave a miscellaneous shower for Miss Ella Mone at the club rooms, Saturday evening. Dancing was enjoyed and a buffet luncheon was served. The Misses Annie Cavanaugh, Anna Hodgson, Anna Mone and Katherine Bourke and Mrs. John Foley and Mrs. Mabel Joyce were the committee in charge of the affair.

Friends and relatives of Sergt. Edmund J. O'Connor made him feel his welcome home from war was of the genuine kind Saturday evening when they arranged a party in his honor at the home of his sister, Mrs. James F. Poole, 3 Franklin street. Members of the immediate family presented him a gold signet ring and he received other remembrances. An informal musical program was enjoyed and refreshments were served.

## MOTORCYCLIST HURT

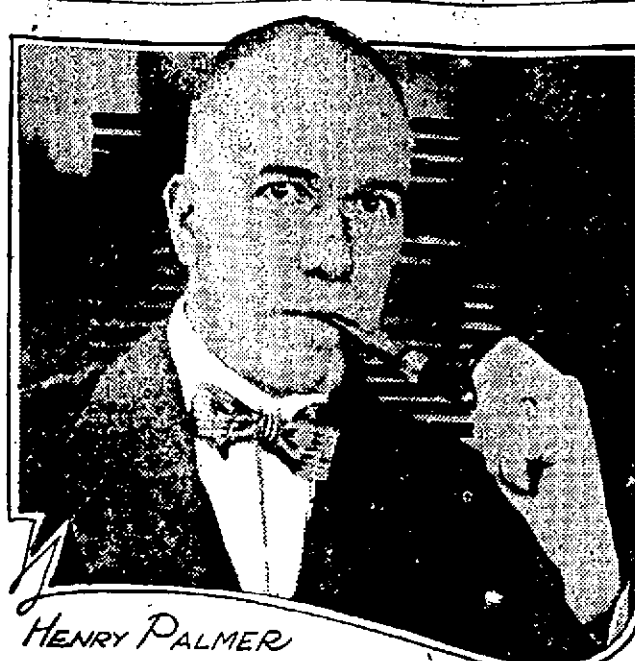

Albert Mullin of 17 Crowley street, this city, while operating his motorcycle in Wamsit near the railroad crossing yesterday, collided with an automobile truck and received abrasions about the back, forehead and chest. He was taken to St. John's hospital in the ambulance.

## CITY OF LOWELL

August 4, 1919.

Notice is hereby given under Chapter 10 of the Revised Laws, that Central Club, by Joseph H. Hubbard, President, has applied for a license to sell intoxicating liquors of the special class at Club at No. 37 Central street in seven rooms on third floor.

By order of the License Commission, CHARLES H. HANSON, Chairman.

HENRY PALMER

## FRIEND OR FOE, HE STICKS IN SIBERIA

EKATERINBURG. When this Siberian town is in the hands of the All-Russian government, Palmer, American consul is among friends. When it falls to the Bolsheviks Palmer doesn't know whether he'll stay on the job or go to jail. But he's sticking.

## DEATHS

HUNTING—George C. Hunting died yesterday morning at his home, 319 Sladen street, Dracut, aged 62 years. He leaves his wife, Lillian, four sons, Walter, Clarence, Geo. and Guy, Hunting, and two daughters, Miss Mabel Hunting of Dracut and Mrs. David Blomherassel of Revere.

MORELAND—Hubert E. Moreland died yesterday in Tewksbury, aged 51 years, 11 months and 17 days.

SIMPSON—Russell H. Simpson, infant son of George H. and Ethel Gordon Simpson, died yesterday morning at the home of his parents, 530 Gorham street, aged six months and 11 days.

MACKENNEY—The many friends of Miss Esther Mackenney will regret to learn of her death which occurred yesterday at her home, 133 White street. She is survived by her husband, Chas. H. Mackenney, one sister, Mrs. John W. Eagan and a brother, Harold E. Mackenney.

JARMOLOWICZ—Joseph and Edward, twin sons of Mr. and Mrs. Edward Jarmolowicz, died yesterday at the home of their parents, 175 Fayette street. Burial took place this afternoon in St. Patrick's cemetery under the direction of Undertaker Joseph Albert.

JOURENDA—Mrs. Francis Jourdena nee Olesime Laferrerie, aged 53 years, died last night at her home, 53 Angers street. She leaves her husband, three daughters, Mrs. Joseph Christman, Mrs. Walter Tourville and Mrs. Rosaire Gilbert of this city; two sons, Francis of Gardner and Hector of this city.

SZUSTAKOWSKI—Kasimir, aged 10 months, infant son of Mr. and Mrs. Jan Szustakowski, died this morning at the home of his parents, 3 Perry's court.

WADA—Wladyslaw, aged 3 months, infant son of Mr. and Mrs. Jan Wada, died Saturday at the home of his parents, 10 Beharrell avenue. Burial took place Saturday afternoon in St. Patrick's cemetery under the direction of Undertakers Amedee Archambault & Sons.

## FUNERAL NOTICES

MACKENNEY—The funeral of Miss Esther Mackenney will take place Wednesday morning at 3 o'clock from her home, 133 White street. A funeral mass will be sung at St. Columba's church at 2 o'clock. Burial in the Catholic cemetery in charge of Undertakers James P. O'Donnell & Sons. Moller cortege.

HUNTING—Died in Dracut, August 3, at his home, 319 Sladen street, Geo. C. Hunting, aged 62 years. Funeral services will be held at his home, Tuesday afternoon at 2 o'clock. Friends invited without obligation to the funeral. Burial in St. Patrick's cemetery in charge of Undertaker J. A. Weinbeck.

## FUNERALS

GORDON—The funeral of Raymond Frederick Gordon took place Saturday afternoon from the home of his parents, 19 Hudson street. There was a profusion of beautiful and appropriate floral offerings, showing the esteem in which the little boy was held. Burial took place in the family lot in St. Patrick's cemetery under the direction of Undertakers Higgins Bros.

OLIVEIRA—The funeral of Maria N. Oliveira took place August 1 from the home of her parents, Manuel and Julia Oliveira, 55 Gorham street. Services were held at St. Anthony's church, the prayers being read by Rev. Fr. Perry. Burial in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

GOUEVEIA—The funeral of John Gouveia took place yesterday afternoon at 2:30 o'clock from the home of his parents, 75 Soles street, in the family lot in St. Anthony's church at 3 o'clock. Burial took place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

WILLIAMS—The funeral of Mrs. Esther D. Williams was held from the home of her sister, Mrs. Alexander Duncan, 35 Mt. Vernon street yesterday afternoon at 2:30 o'clock. The services were conducted by Rev. Herbert E. Benton, pastor of the Grace Universalist church. Appropriate selections were sung by Miss Vivian M. Creighton. Burial will take place today at Mount Auburn. The funeral arrangements were in charge of Undertaker George W. Healey.

WILLEY—The funeral of Henry Addison Willey took place yesterday afternoon from his home, 138 Middlesex street. Services were held at the house at 10 o'clock. Rev. Arthur Shaw of St. Anne's church officiating. There were many beautiful floral tributes. The bearers were Mr. Wright, Mr. McCullum, Mr. Willey and Mr. Eastman. Burial was in Woodlawn cemetery. Funeral mass at the Immaculate Conception church, officiated. The bearers were Louis F. Munroe, Benjamin F. Pashley, Charles H. Foster and Walter H. Curtis of Admiral Farragut Camp 75, Sons of Veterans. Burial was in the family lot in the Edison cemetery where Rev. N. W. Matthews read the burial prayers.

SIMPSON—The funeral of Russell H. Simpson, brother of George H. and Ethel (Gordon) Simpson, will take place Tuesday afternoon at 3 o'clock from the home of her parents, 530 Gorham street, in St. Patrick's cemetery in charge of Undertakers James P. O'Donnell & Sons.

WALSH—The funeral of Michael J. Walsh took place this morning at 8 o'clock from his home, 63 Willow st. and was largely attended by sorrowing relatives and friends. The cortege proceeded to the Immaculate Conception church, where at 9 o'clock a funeral mass was sung by Rev. Owen McQuade, O.M.I. Rev. John Doherty, O.M.I. of Washington, D. C. was present within the sanctuary. The choir under the direction of Mr. Charles P.

SHOE SHOP STRIKERS  
HOLD MEETING

An enthusiastic meeting of the members of the Allied Shoe Workers' union, who are out on strike, was held this morning in their hall in Middle street with Business Agent George W. Racine in the chair. Favorable reports from various committees were heard and it was stated that picketing at some of the shops had been stopped, because there was no attempt on the part of the manufacturers to start their plants, while shoe workers were unanimous in keeping away from the manufacturing places.

It was reported that about 40 percent of the strikers had secured work out of town pending a settlement of the strike and that more were scheduled to go today and tomorrow. It is the consensus of opinion among the strikers that the manufacturers will recognize the union sometime this week and that the strike, which was started a week ago last Saturday will be brought to a close. At this morning's meeting the following were appointed a press committee: Arthur Lawson, G. W. Racine, Frederick Gillis and Mrs. Julia Gutknecht.

## U.S.S. DAKOTA JAZZ

## BAND COMING

It now seems definitely settled that the 15-piece jazz band of the U. S. S. North Dakota will provide melody on the South common Wednesday evening in connection with the drive for recruits for the big dreadnought, which has been underway for the past 10 days here.

A big campaign for recruits for the navy is soon to be inaugurated, according to Chief Cary of the local station, and it is the purpose of the department to expend \$300,000 for newspaper advertising throughout the country during the drive. The plan is to show to the young men of today what a really fine chance the navy presents for a young man to save money and learn a good trade or profession while he is serving on Uncle Sam's big ships.

Sydney, C. Varney, 468 Beacon street, was forwarded to the U. S. S. North Dakota today from the local station. He signed up as apprentice seaman.

## RIGHT TO FIX PRICES

WASHINGTON, Aug. 4.—The house interstate commerce committee today voted, 6 to 5, to report the Cummins bill which restores to the interstate commerce commission the right to make rates during the remainder of federal control. The bill was amended by the committee to provide that there should be no change in interstate rates until they had been approved by the state commissions.

For a Lowell resident a vacation without The Sun would be rather gloomy. Order it mailed to you while you are away.

Keep in touch with local events by having The Sun mailed to you while on your vacation.

SHOT WIFE AND THEN  
KILLED HIMSELF

PLYMOUTH, Aug. 4.—John Manney, of Providence, R. I., killed himself here today after shooting his wife who had been separated from him. The woman was said to have an even chance of recovery.

Manney was 39 years of age. He was a bartender in Providence, until the prohibition act went into effect, and about that time his wife left him and came here to live with her father, James Taylor. She was alone in the house today when Manney arrived and it is supposed the shooting followed her refusal to return to live with him. Although wounded in the mouth and side, she was able to walk to the house of a neighbor.

The police found the Taylor house locked and, after forcing an entrance, discovered Manney dead on the floor with two bullet wounds.

DISCUSSION OF HIGH  
LIVING COST IN SENATE

WASHINGTON, Aug. 4.—Discussion of the high cost of living was resumed in the senate today. Chairman Granger of the agricultural committee announced that he had called a committee meeting tomorrow to discuss measures to reduce the cost of living. He said he had no remedy to offer, but declared that increase of wages and decrease of working hours were not a panacea nor would government ownership or control of utilities solve the problem. He denied that the government's wheat price guarantee causes undue prices for bread.

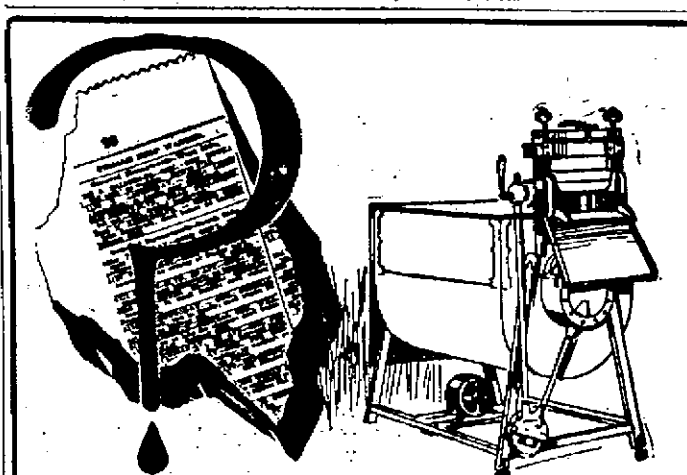

Senators Kellogg and Nelson of Minnesota said wheat was being sold far above the government's guarantee at the principal terminals. The three senators predicted that this year's crop would be lower than government estimates. Senator Granger saying it would be 650,000,000 bushels and not 1,350,000,000 as forecast by the department of agriculture.

Senator Granger declared that the packers and all dealers in food products never made higher profits than they did under the food administration's licensing plan during the war.

TEAMSTERS' STRIKE  
ENDS IN BROCKTON

BROCKTON, Aug. 4.—The strike of the ice, coal, hay and grain teamsters in this city ended today. The men returned to work pending the action of the state board of conciliation and arbitration. They abandoned the request for a 44-hour week and the settlement will be made on a basis of 45 hours.

Keep in touch with local events by having The Sun mailed to you while on your vacation.

The Servant Problem  
and the Solution -

Electric Service affords the quickest and most practical solution to the servant problem.

Don't worry because you can't get a maid who will do the washing.

Don't fret because there is a scarcity of laundresses or your laundress disappoints you.

Equip Your Home With a  
THOR Electric Washer

With this machine you can easily do the weekly washing yourself in less than half the time required by the laundress.

A THOR Washing Machine washes with far less wear and tear on clothes than is possible by hand.

A few cents an hour for Electricity covers the cost of this Service.

Drop in at our office today and begin to enjoy the full benefits of Electricity. Free Demonstration.

# Explosion in Arsenal Kills 12 GRAIN AND FOOD PRICES TUMBLE

## U. S. Arsenal at Raritan, N. J. One of the Largest in Country, Blown Up

### 12 MEN KILLED MANY INJURED

Several Magazines of U. S. Arsenal Wrecked by Terrific Explosion

Residents Fled For Their Lives, Fearing Other Magazines Would Be Blown Up

RARITAN, N. J., August 4.—At least 12 men were killed and many injured by the explosion of several of the magazines of the United States arsenal this afternoon. The buildings which were wrecked caught fire and the arsenal fire department tried hard to keep the flames from spreading to the main structure.

The arsenal is one of the largest in the country and is used as a general ordnance depot for the storage of high explosives, shell and shrapnel. No manufacturing is done there. It is in an isolated section on the Raritan river.

#### Beds Ready for Injured

NEW BRUNSWICK, N. J., Aug. 4.—Twenty-five beds were prepared at St. Peter's hospital here to receive the injured.

A box car on a siding near the arsenal blew up, setting fire to three magazines, which exploded.

Residents fled from their homes fearing other magazines would be destroyed.

Eight soldiers are said to have been removing French and German shells from the box car and storing them in a magazine when the car blew up.

### NAVAL OFFICER ADMITS ACCEPTING BRIBES

NEW YORK, Aug. 4.—The naval court-martial appointed to try Lieut. Benoit J. Elliott, accused of accepting \$18,000 in bribes to provide comfortable berths for young men of draft age seeking to escape service overseas, today accepted his plea of guilty to six specifications of the 51 charges against him. The rest were dropped upon instructions from Assistant Secretary of the Navy Roosevelt.

At least two more naval officers and perhaps a dozen enlisted men will be brought up on charges similar to those made against Elliott.

### DEMAND 55 P. C. INCREASE IN WAGES

BRIDGEPORT, Conn., Aug. 4.—Four hundred employees of Wolfe-Abrahams Co., makers of men's clothing, went out today, demanding a 44-hour week and 55 per cent increase in wages. The company lowered the working time from 49 to 45 hours but gave no increase in wages.

There is no change in the strikes at the Columbia Graphophone Co. and the Bryant Electric Works, nor at any of the smaller shops. Some conferences are on.

#### FEAST OF NATIONAL GRATITUDE

PARIS, Aug. 4.—A "feast of national gratitude" was held yesterday throughout France and in Alsace and Lorraine. Messages from President Poincaré, Premier Clemenceau and Marshal Foch were read at exercises of a religious character. In numerous cities school children placed wreaths on the graves of the soldiers of France and her allies.

### TO QUESTION SEC. LANSING

Will Appear Before Senate Foreign Relations Committee Wednesday

Will Answer Questions Regarding Peace Treaty and League of Nations

WASHINGTON, Aug. 4.—Secretary Lansing will be questioned by the Senate foreign relations committee Wednesday regarding the political features of the peace treaty. He also is expected to be asked many questions regarding the League of Nations. Norman Davis, an American financial adviser at Versailles, told the committee today that the American peace delegates expressed no opinion as to whether the United States should receive part of the indemnity to be paid by Germany because they felt they were without authority in the matter.

Pressed by committee members to describe the exact attitude of the American delegates, Mr. Davis declared the impression was not given to the peace conference that the United States would ask for no part of the indemnity.

"Nor did we tell them," he added, "that the United States would request a part. We felt we had no authority to do so. I will say, however, that our position there was somewhat different from that of the other nations in that our interests here were so infinitesimal in direct as compared to the others. We were not trying to trade for something but were looking rather to the interests of the whole world."

Mr. Davis said that there had been no decision whether the United States would accept German securities in reimbursement for money loaned by this country to Belgium, but that President Wilson had said he would recommend that course to congress.

#### INVESTIGATE ICE PRICES

BOSTON, Aug. 4.—Harry M. Guterman, an attorney of this city, was designated today to represent the attorney general in the investigation of the ice situation in Lawrence, and to co-operate with the commission on the necessities of life, which will open hearings in that city tomorrow.

### DROP IN GRAIN AND FOOD PRICES

Crashed Heavily Downward at Chicago Today—Corn and Pork First To Fall

All Railroad Union Officials Called by Director Hines for Conference

CHICAGO, Aug. 4.—Grain and provisions crashed heavily downward today in value. Selling was on a large scale, influenced principally by the widespread agitation against the cost of living. Within an hour corn prices dropped 5 1-2 cents to 8 cents a bushel, and pork \$1.25 a barrel.

December delivery of corn, the principal option, fell to \$1.19 1-4 and January pork to \$48.

#### R. R. Union Heads Called

WASHINGTON, Aug. 4.—All railroad union officials now in Washington were asked by Director General Hines to meet him at noon today for a conference on the high cost of living.

Mr. Hines expected to explain his Continued to page 11

### STATIONARY FIREMEN OUT ON STRIKE

Members of the Stationary Firemen's union stated today that between 75 and 100 of their members in Lowell, for the most part employed in the city's mills, went out on strike this morning when their requests for a 48-hour week and 8-hour day and an increase in wages to make the minimum hourly wage 62½ cents, were refused.

Mill agents at the Lawrence Mfg. Co., Tremont & Suffolk, Boot, Appleton and Massachusetts companies said their plants were running full schedule as usual. According to the strikers, they reported for work this morning as usual, but walked out shortly afterward when their requests were refused.

INVESTIGATE ICE PRICES  
BOSTON, Aug. 4.—Harry M. Guterman, an attorney of this city, was designated today to represent the attorney general in the investigation of the ice situation in Lawrence, and to co-operate with the commission on the necessities of life, which will open hearings in that city tomorrow.

### SAY BILL:

—How much you goin' to save this week?

The little old pay envelope is mighty full these days and this is the time to chuck something in the Savings Bank to take care of the wife and kiddies in future days.

"You know, Bill, it's not what you make, but what you save that counts."

### Interest Begins SATURDAY

WASHINGTON SAVINGS INSTITUTION

### CHARGE WITH FIXED BAYONETS

Riotous Crowds Driven From Streets of Liverpool by British Soldiers

Cruiser Valiant and Two Destroyers Move Into Mersey River To Protect Docks

LIVERPOOL, August 4.—Riotous crowds were driven from the streets today by troops charging with fixed bayonets. The rioters filled the streets during the night as the result of the policemen's strike and it was not until daybreak that the soldiers were ordered to charge. The cruiser Valiant and two destroyers moved into the Mersey river to protect the docks.

The employees of bus and tramway lines failed to report for work today. No notice of a strike had been given.

#### \$1,250,000 Damage

The rioting thus far has resulted in damage to the extent of \$1,250,000, it is estimated. Nearly two hundred small shops have been wrecked and looted. One man has been killed, two others wounded by shots and 70 or 80 by glass, stones or police batons. There have been 400 arrests.

#### Judge Suggests Hangings

In impaneling the special grand jury which is to investigate the recent riots, Judge Robert C. Crowe in the criminal court declared that a state of anarchy existed in the city and that a few hangings would have a salutary effect on hoodlumism.

### LOWELL'S HOUSING BILL IS STILL UNPAID

The latest development in the attempt of the city of Lowell to receive \$6000 from the United States Housing Cor. for work done in connection with the proposed building of homes for war workers here last fall is a letter addressed to Mayor Perry D. Thompson from Irving E. Macomber, vice president of the corporation, in which he suggests that L. K. Sherman, president of the corporation, the mayor and himself meet in Boston to talk the matter over.

Mr. Macomber against assures the mayor that there is no intention on the part of the corporation to evade an honest debt and he regrets that the matter has become so involved in technical rulings. He has also been in consultation with the legal division of the corporation and would like to discuss the matter with the mayor personally. The mayor has not yet returned from his vacation, but is Continued to Last Page

### Read and Consider

National Banks are becoming more and more public institutions, and the government is taking a strong hand in seeing that they are conducted for the safety of the public.

We like to impress on your mind that this Bank is 90 years old, and is under the supervision of the United States Government.

Interest in Savings Department begins the first day of each month.

## Plans For Permanent Peace Army of 510,000 and System of Military Training

### \$5000 REWARD FOR DYNAMITERS

Oscar Lawler, Former Federal Official, Seriously Burned in Bomb Explosion

Home at Los Angeles Wrecked—Family Narrowly Escape—Will Recover

LOS ANGELES, Cal., Aug. 4.—Oscar Lawler, former assistant United States attorney general, who was seriously burned yesterday in a fire and bomb explosion that wrecked his home, has a chance of recovery, according to his physicians. They seemed certain of the recovery of Mrs. Lawler, who also was badly burned.

The explosion was said by the police to have been the result of a desire for revenge by a group of dynamiters whom he prosecuted some years ago in the middle west.

A reward of \$5000 for the arrest and conviction of perpetrators, has Continued to page 5

### MANSLAUGHTER CHARGE IS DISMISSED

Howard L. Tibbets was found not guilty of manslaughter by Judge Enright in police court today. According to the police Tibbets auto struck and fatally injured Clarence Ferreira, of 5 Gorham street on the evening of July 1. The decision came as the result of the inquest finding made public today in which Judge Fleckman finds that "the death of Clarence Ferreira was not caused or contributed by the criminal negligence of Howard L. Tibbets or any other person or persons."

### 250,000 SHOPMEN OUT

Strike Will Spread to All Sections of Country, Say Chicago Officials

CHICAGO, Aug. 4.—The strike of Federated Railway Shopmen, which entered upon its fourth day today and has already involved 250,000 men soon spread to every section of the country, according to local officials of the union, unless their demands are speedily met.

The ranks of the strikers were augmented by several thousand yesterday. Many others voted to join today and locals at a number of important railway centers were to ballot during the day on the question of going out.

At Cumberland, Maryland, the shopmen of the Baltimore & Ohio railroad, who went out Friday, called off the strike yesterday on the ground that it did not have official sanction. At Gary, Ind., eight of the 12 blast furnaces of the United States Steel Corporation are banded and 10,000 men Continued to page 10

Rumanian Commission Is on Its Way to Budapest—Appeal For Allied Troops

Budapest Presents Pitiful Appearance After Fight of Communists

COPENHAGEN, Aug. 4.—The Rumanian commander has notified the Hungarian military authorities that a Rumanian commission is on its way to Budapest to negotiate an armistice, according to a Budapest despatch.

Premier Clemenceau, president of the peace conference, replying to a wireless message from the Italian military mission at Budapest, declares that the supreme council of the peace conference does not intend to interfere in the internal policy of the Hungarian government, and adds that Rumania will not be asked to halt her Continued to page three

### TO PROBE RACE RIOTS

Work Begun on Selecting Jury To Try Men Accused in Chicago Race War

CHICAGO, Aug. 4.—After the calmest night in the black belt for more than a week, work was begun today on selecting a grand jury before which will come the cases of white men and negroes, who are accused of participating in the race riots which caused the deaths of 20 negroes and 13 whites, and the injury of hundreds.

#### 500 Treated at Hospitals

The city health commissioner has found that 206 people injured in the riots were treated in hospitals. He expressed the opinion, that perhaps 400 or more who were injured never appeared at hospitals.

Several thousand negroes who expected to return to work in the stockyards today after nearly a week's absence on account of the riots, must wait until the unrest has subsided. After announcing that the colored men would return to work today superintendents of all the large packing plants decided that it would be prudent to hold the negroes at their homes for an indefinite period.

### LOOKING FOR RECRUITS

Band From U.S.S. Florida, Making Tour of State, Arrives in Lowell

There's nothing unlucky about number 13. So says Chief Boatwain's Mate Terrill, of the U.S.S. Florida, who dropped into Lowell this noon with a motor truck containing 13 musicians, members of the big dreadnought's jazz band.

The party spent the better part of the afternoon in the city, and staged concerts at all the principal downtown corners. The band is making a tour of various Massachusetts cities in search of recruits, and Chief Terrill says that so far the trip has proved most successful.

Don't forget to order The Sun mailed to you while away on your vacation.

### POLICY OF WAR DEPARTMENT

Maintenance of One Field Army With War Strength of 1,250,000 Proposed

Active Force of 510,000—Remainder Youths Who Take 3 Months' Training Course

WASHINGTON, Aug. 4.—Maintenance of one field army with a war strength of 1,250,000 men is proposed in a bill establishing a permanent military policy which was sent to congress today by Secretary Baker.

The active force of this army would be a three months' military training course, which would be compulsory for all 19-year-old youth. This reserve strength would be used to fill out the 20 infantry divisions and one cavalry division into which it is proposed to divide the regular army.

The plan for registering youths of 19 years is the same with slight modifications as was applied during the war under the selective service act. The bill provides for the appointment of local and appeal boards, compensation at the rate of \$10 for every day of actual service by board officials being prescribed. Exemption from training would be given only to members of the regular army and navy, honorably discharged soldiers and sailors, members of the coast guard, mariners actually employed in sea service and "persons permanently physically, mentally or morally unfit for any military service whatever."

Under such exemption clauses the average number of boys of 19 qualified for training each year would be approximately 600,000. This number from the last annual class trained would be held ready for immediate mobilization at all times.

The plans were embodied in a bill which represents the policy of the war department with respect to the peace time military establishment. Under the measure all special services built up during the war would be maintained as separate branches except the chemical warfare service, which would be merged with the engineers' corps.

Three months' military training for youths of 19 would be made compulsory and promotion of officers by seniority would be abolished. Secretary Baker said the war had shown this system of promotion to be defective.

No change in the existing law with regard to the organization of the national guard and its relation to the regular army was suggested. Mr. Baker said it was assumed that the national defense and federalizing the guard would be retained in force.

Under the war department's plan, youths would be subject to military service for two years after completing the course of military training and in the event of war the selective service act in force during the great war would become operative.

### ONE KILLED IN PRISON MUTINY

HARTFORD, Conn., Aug. 4.—Lewis Brown, 30, a negro convict, was shot and killed during trouble in the shirt shop of the state prison at Wethersfield, today. Another negro, Leroy Robinson, and four Italians were injured, and three guards who bore the brunt of the fighting to put down an incipient mutiny, were severely handled. The trouble grew out of friction between Brown and a guard and the latter, by order of Deputy Warden G. L. Barker, shot at Brown. None but these six prisoners were involved in the trouble, which was aimed to bring about a strike among those who were in shirt shop.

## News of the Churches

The Holy Rosary sodality members of the various parishes received communion at the early masses in the Catholic churches yesterday. The other usual summer services were carried out.

**St. Patrick's**  
Rev. Dr. James A. Supple celebrated the 11 o'clock mass at St. Patrick's church yesterday. Large numbers of the faithful received communion at the early masses.

**Sacred Heart**  
Rev. John Doherty, O.M.I., of Washington, D. C., celebrated the late mass at the Sacred Heart church yesterday. At the 7.30 o'clock mass members of the Holy Rosary sodality received communion in a body.

**Immaculate Conception**  
The 11 o'clock mass at the Immaculate Conception church was celebrated yesterday by Rev. Albert McDermott, O.M.I., of Buffalo, N. Y. The Holy Rosary sodality received communion at the early mass and Rev. James B. McCartin, O.M.I., was the celebrant.

**Jewish Synagogues**  
The usual services were held in the Jewish Synagogues on Saturday. St. Paul's M. E.

**St. Michael's**  
Members of the Holy Rosary sodality received communion in a body at the 7.30 o'clock mass at St. Michael's church yesterday. Rev. James F. Lynch was the celebrant. Rev. James T. Heagney celebrated the 11 o'clock mass.

**St. Peter's**  
Rev. Peter Linehan celebrated the late mass at St. Peter's church yesterday and also made the announcements. The usual vespers services were held last evening at 7 o'clock. The members of the Married Ladies' sodality will receive communion in a body at the 7.30 o'clock mass next Sunday.

**St. Margaret's**  
Rev. J. F. Hart, S.J., of Boston celebrated the 11 o'clock mass at St. Margaret's church yesterday. The pastor, Rev. Charles J. Galligan, celebrated the 7.30 o'clock mass at which members of the Holy Rosary sodality received communion.

**St. Columba's**  
Rev. Francis McNeill celebrated the late mass at St. Columba's church yesterday. There were many communicants at the early masses.

**First Baptist**  
Rev. A. C. Archibald took for his sermon topic at the morning service at the First Baptist church yesterday, "Does Jesus Despair of His World?" In the evening he preached on the theme: "Tests That Show Up the World Worshipper."

**Immanuel Baptist**  
"Life More Abundantly," was the subject discussed at the morning service at the Immanuel Baptist church yesterday by the pastor, Rev. D. J. Hatfield.

**Worship Street Baptist**  
Rev. Walter A. Woodbury took for his subject at the morning service at the Worship Street Baptist church yesterday, "The Church, Our American Liberty and Prosperity." The evening topic was "Where God Lives."

**Palme Street Baptist**  
"The Holy Spirit" was the subject discussed at the morning service at the Palme Street Baptist church yesterday.

terday. Rev. Charles L. Fowler was the preacher and spoke in the evening on "The Road to Heaven."

**Christian Science**  
The regular services were held at the Christian Science churches of the city yesterday and the subject under discussion was "Love."

**Elliot Congregational**  
Rev. George M. Ward, D.D., preached at the Elliot Union Congregational church yesterday. His morning topic was "What We Believe, and Why."

**Highland Congregational**  
"The Solution of Our Doubts," was the subject discussed at the morning service at the First Congregational church yesterday. Rev. Clarence A. Vincent, D.D., was the preacher.

**Rev. George A. Tewksbury** of Concord preached at the morning service at the Highland Congregational church yesterday. His subject was "The Better Way."

**First Primitive Methodist**  
Rev. N. W. Matthews preached at both services at the First Primitive Methodist church yesterday. His morning subject was "The Holy of Holies," and in the evening he spoke on the theme: "A Lively Topic for Young Old."

## BIG NAVAL PAGEANT

Role Played by British Fleet

During War Commemorated on Thames Today

LONDON, Aug. 4.—The role played by the British sea services during the great war was commemorated today by a naval pageant on the Thames, the day marking the fifth anniversary of the historic mobilization of the British fleet. Plans for the event while giving recognition to the allied and associated powers, laid stress on the fact that this was a purely British occasion, and the Union Jack and the banners of St. George, St. Patrick, St. Andrew and St. David predominated in the decorations along the river side.

Tower Bridge was the point selected for the start of the five-mile procession. Owing to the fact that the space beneath the Thames bridges is somewhat limited, it was impossible to include large vessels in the pageant but the procession lost nothing of interest because of this. Days when the Thames was the "King's highway" and when the people of London used boats just as their descendants of today use taxicabs were recalled by the appearance of King George's royal barge. This craft was built more than 200 years ago for Queen Mary by King William, and was richly ornamented with crimson and gold.

In planning the celebration, efforts were made to symbolize the development of Great Britain's naval power and typify the connection between the navy and mercantile marine.

When the celebration, efforts were made to symbolize the development of Great Britain's naval power and typify the connection between the navy and mercantile marine.

When the celebration, efforts were made to symbolize the development of Great Britain's naval power and typify the connection between the navy and mercantile marine.

## WALSH PLEADS FOR IRELAND

Delegate to Paris Wins Thunders of Applause by Thrilling Speech

Tells Vast Boston Audience Freedom of Ireland Means Europe Saved

BOSTON, Aug. 4.—Immediate and favorable response to the 'conservative' appeal of the Irish national cause by the government of England may mean the saving of the civilization of the whole of western Europe—threatened now by mighty forces of dissatisfied workers, in comparison with whose demands, those of Ireland are but few and simple.

**Won Thunderous Applause**  
Frank P. Walsh, one of the three Irish-American envoys to the peace conference, a true son of Erin, and a lifelong friend of labor, drew thunderous cheers from the throngs of 5500 of his Boston brothers and sisters in the fight for Irish independence, when he made this utterance in the course of a speech in Mechanics hall last night.

He was the principal speaker at the mass meeting held under the direction of the medical committee of the Irish Victory fund. Acting Mayor Francis J. Ford spoke for the city, and Henry Abrahams was the third speaker.

Every seat was occupied when Dr. John O'Brien of Charlestown, permanent chairman, introduced Mr. Walsh. The thousands of friends and children of Ireland present heard perhaps the most masterful presentation of the case of this oppressed people that has been delivered in New England in years.

The speaker's reference to the menace to the civilization of old Europe from the mighty forces of disgruntled workers was delivered with the full vehemence of a man to whom the struggles of the working classes and the power of the united workers of the world has been a lifelong study.

**Tears and Shouts of Rage.**  
Returned recently from Ireland, where he, in company with other members of the Irish-American commission, investigated at first hand the reported cruelties to which the Irish freedom-fighters have been subjected since the "army of occupation" invaded the domain, Mr. Walsh brought tears from the women and shouts of rage from the men in the audience, with a tale of torture and inhumanity with but few parallels in history.

"In cages, like wild beasts, I saw our brothers—yes, and sisters—their voices stifled, subjected to physical tortures and insulted by the minions of England's protective soldiery," he said.

"England—reputed friend now of the rights of small nations—seeks by persecution to stifle the activities of those true sons and daughters, to the end that Ireland's righteous claim for freedom shall be 'happily in the bud' before the free people of the world hear due to the peace conference."

Mention of the name of President De Valera of the Irish republic, and of his calm and dignified presentation of Ireland's case before the people of the United States, resulted in vociferous applause.

**Won Sympathy for Ireland**  
"Not one of the 150,000 British soldiers dared to lay a hand upon this inspired man as day after day he directed the deliberations of the congress of the Irish republic," he said.

"Jail bird" and "charlatan" are typical of the epithets at him. Why was he not thrown into prison and tortured? Because, plotting perhaps for his death or downfall, they full well realized the wonderful growth of the world feeling for Ireland's cause, and they feared the consequences."

The speaker referred to the peace conference: "Of all the countries at war the aims and motives of America and England were stated to the world with the greatest clarity and in the most impressive way," the speaker declared.

"In November Mr. Lloyd George called upon the 'Living God' to bear witness to the utter selfishness of Great Britain in the war: 'As the Lord liveth, England does not seek a yard of territory. We are in this from motives of purest chivalry. To defend the weak.'"

This quotation brought tremendous expressions of disgust and means from the audience.

Continuing, Mr. Walsh said: "England's representatives to the peace conference entered the chambers at Versailles 'empty-handed' as to territory gained, but emerged 'full-handed' with the addition of hundreds of thousands of square miles and with the domination of 20,000,000 souls who objected to being dominated."

The speaker referred heatedly to Britain's alleged cruelty to Egypt. He told of the successful attempts to prevent the story of Egypt from being laid before the Versailles conference and said that now in Paris five Egyptian delegates are held virtual prisoners by agents of England.

**Adopt Resolutions**  
The following resolutions were read and adopted at the meeting: "Whereas, this nation, founded upon the great truth that governments derive their just powers from the consent of the governed, has only by great sacrifice maintained itself as the hope of the oppressed peoples of mankind; and

Whereas, we entered the great war to fight for the rights and liberties of small nations as well as for the rights and liberties of those nations which are great and powerful, and England endorsed the high purpose; and

Whereas, for more than seven centuries, by never ceasing to fight for these democratic and Christian ideals,

## SCHOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N.H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had each pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I used to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 20 Bowers St., Nashua, N.H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The letters constantly being published from women in every section of this country prove beyond question the merit of Lydia E. Pinkham's Vegetable Compound.

The Irish people have steadfastly resisted serfdom, thereby preserving their dignity as men and their self-respect as a nation. Therefore be it Resolved, that we, Americans, of the medical profession, assembled in mass meeting at Boston, August 3, 1919, declare:

1.—That the sanctity and the justice of the cause of Ireland are so self-evident that no forum, either in America or in the whole world, can in honesty or decency be closed against its discussion.

2.—That the act of union, which deprived Ireland of her parliament, is an acknowledged great historic scandal, brought about, on one side, by bribe-givers whose only purpose was economic exploitation; and, on the other side, by bribe-takers, whose only interest was to strengthen their minority rule and increase their worldly possessions at the expense of the majority of their fellow countrymen.

3.—That if Ireland is denied the fulfillment of her God-given right and desire as expressed by the overwhelming majority decision of a peaceful plebiscite taken in the presence of a hostile army, it will mean a signal triumph of the most obnoxious of lies, that she is unfit to govern herself and that the future economic and social security of Great Britain will be jeopardized. It will also mean that a whole race of people will be sacrificed to the spirit of ruthless conquest and their land held as a prize of war carried to the bitter end in arrogant defiance of the American ideals which saved the allied powers.

4.—That there can be no just peace until the independence of Ireland is recognized and assured; and that we are confident that those to whom is entrusted the momentous decision of the merits of the covenant will guard wisely and jealously the self-respect of our own beloved country, and save the Irish people from the prospect of another long melancholy era of human dignity outraged, and national hope deflated.

5.—And be it further resolved, that this great assembly of liberty-loving Americans thank the honorable senate of the United States for its magnanimous and dignified expression of sympathy with the aspirations of the Irish people for a government of its own choice."

**IRISH SOCIETIES AGAINST LEAGUE**  
BOSTON, Aug. 4.—Leaders of a number of Massachusetts Irish societies, meeting yesterday under the auspices of the advisory committee of the Irish victory fund, perfected a state-wide organization designed to arouse opposition to the League of Nations. Referring to Senator Walsh of this state as one of the three men of Irish blood in the senate, Edward P. McSweeney of this city, said:

"We must organize and show our senator that the people of Massachusetts are against the league as patriotic, red blooded Americans."

Those characteristics are true of all our Wall Papers and we are glad and proud to show them at all times.

Why not drop in and see what we mean? Paper hangers furnished.

**Quality-ized**  
It is well to know where you can get them. We are referring in particular to WALL PAPERS that possess originality of design, beauty and diversity of colors, that are different and "out of the ordinary." There is a charm and delightful freshness about our line of Wall Papers that make them irresistible to people wanting "Quality-ized" goods.

Those characteristics are true of all our Wall Papers and we are glad and proud to show them at all times.

## WHAT TO EAT NEXT WEEK BY BUDDY BEE

One hears few complaints from the menu makers at this season—that is from the menu makers who use their brains and go to market at least every other day. Of course the woman who "fads it easier to telephone" always has a hard time to think of things to eat—and her husband always has a harder time to pay the food bills!

But for the marketer—her chief difficulty these days is to resist temptation to buy more food than is needed from the rich supplies of fruits and vegetables offered. For fresh things though the wise procedure is to buy small quantities often—not more at a time than can be used within two days.

Considerable economies can be effected if groups of five or six housewives will learn to buy at wholesale such things as cases of fruit in season or hampers of green things. For instance in season one city market sold a crate of 54 cantaloupes for \$1.25 wholesale—the same melons selling at eight cents each retail—a total of \$4.32. The retailer's profit was \$3.07 on each crate of melons. Should six

housewives combine to buy a crate at \$1.25 each family might get nine melons at a cost of 2 cents each—a saving of 6 cents on each melon. Some day we will learn the value of co-operative buying.

**MONDAY**

Breakfast: Sliced peaches with shredded wheat biscuit and cream, coffee, rolls.

Lunch: Baked lima beans with plums, cheese sandwiches, plums.

Dinner: Cream of tomato soup, cold sliced mutton, creamed new potatoes, beet salad, chocolate farina pudding.

**TUESDAY**

Breakfast: Chilled blue plums, creamed tuna fish on toast, coffee.

Lunch: Succotash of corn and beans, corn soup, honey, iced tea.

Dinner: Spinach and cheese loaf with white sauce, buttered beets, cucumber salad, frozen peach custard.

**WEDNESDAY**

Breakfast: Blackberries, cold molded oatmeal with sugar and cream, toast, coffee.

Lunch: Creamed onions, egg salad, marmalade sandwiches, iced tea.

Dinner: Panned fresh fish, baked potatoes, corn on the cob, sliced peaches, sponge cake.

**THURSDAY**

Breakfast: Corn fritters and sirup, blackberries and cream, coffee.

Lunch: Buttered carrots, bread and butter, Dutch apple cake, tea.

Dinner: Corned beef hash with buttered beets, fried eggplant, lettuce and green pepper salad, muskmelon with ice cream.

"There's a Reason"

## PLOTTED REVOLUTION

Two Turkish Leaders Charged  
With Plot To Set Up  
Government, Arrested

CONSTANTINOPLE, Aug. 4.—The Turkish cabinet today ordered the arrest of Mustapha Kamol Pasha and Reouf Bey, charged with convoking a separatist congress and organizing armed bands in the Smyrna and Erzerum regions.

Kamol Pasha early last month was reported to have forty thousand troops with some heavy artillery and to have defied the government's order to return to Constantinople with Essad Pasha, formerly commander in chief of the Turkish forces at Scutari, Albanian minister of war and provisional president of Albania. They were reported to be plotting a separate government.

BOTTOMLY CANDIDATE  
FOR ATTY. GENERAL

BOSTON, Aug. 4.—Robert J. Bottomly last evening issued the following statement:

I am a candidate for the republican nomination for attorney-general.

In this period of reconstruction the attorney general has a wonderful opportunity for service in the interests of the people of this commonwealth. It has been urged upon me that my experience with public affairs, combined with my ten years' work as a lawyer in Boston, constitutes the necessary qualifications for dealing in the right way with the many new problems which we are now called upon to face.

During the campaign I shall bring before the republican voters my conception of how, if elected to this office, I can render it a position of the largest public service.

BIG INCREASE IN  
BANK DEPOSITS

CONCORD, N. H., Aug. 4.—Deposits with New Hampshire savings banks and trust companies increased in the year ending June 3, \$289,554.39 despite the Liberty loan campaigns in that period, according to the report of Bank Commissioner Guy H. Cutter, issued today. Only twice, in 1890 and 1917, has a greater increase been recorded in any one year. One bank in this state today has a greater total of deposits than was held by all the 54 banks in New Hampshire in 1870.

## NONE OTHER LIKE IT.

A Syrup of Rare Flavor for Every Use

Everybody likes sweets. And everybody likes Domino Golden Syrup. It is a pure cane product of delightful flavor—and very wholesome.

A full-bodied syrup—neither too heavy nor too light—neither too thick nor too thin. Just right for a fine spread on bread, cakes, waffles and biscuits.

Different from any other syrup. You never tire of the delicate cane taste. You can eat Domino Golden Syrup every meal of every day, winter and summer.

Of a rich golden amber color. Children love it—and grown-ups delight in it. Ask your grocer for Domino Golden Syrup. It is made by the American Sugar Refining Company, refiners of Domino Package Sugars—Granulated, Tablet, Powdered, Confectioners, Brown.—Adv.

Princess Nacoomie

## TAHAN'S DAUGHTER

## Tells of Indian Girls' Love and Ideals

TO READERS:

Princess Nacoomie is the daughter of Chief Tahan whose Indian stories have been such a hit with The Sun boy readers. Her stories are authentic accounts of woman and child life among the Indians written especially for Lowell girls and published in The Sun only.

BY PRINCESS NACOOMIE  
Of the Kiowa Indian Tribe

When grandmother was a very little girl one of the very first things she learned was how to pray. This was taught her by her mother, and not so much by what she said, as by what she did. For she was honest and good, as all Indian women tried to be. The child herself was an answer to her prayers, and the brown-skinned mother guarded well the life of her daughter. Like every mother she wanted her daughter to marry when she grew up, so, she taught her to pray for a lover and husband; and such prayers were always answered. For there were no "maiden ladies" nor "bachelor girls" among our people, neither were there any crusty old men bachelors.

When the men were away on the hunt for game, the girls helped their mothers "keep the home fires burning" in a true and literal sense. The hunters very often suffered great hardships, and their women folks always made it as pleasant for them as possible at their return.

More than this, they kept alive the spirit of courage in the hearts of the warriors who were away on the war-path. Often the girls and women at such a time would send the heart-cheer to their defenders. They would gather before the chief's tent and sing a song which expressed courage to the fighting men, for they believed their song-thoughts went straight to them. One of these songs composed by an Indian woman has come down to me.

Be it known, too, that Indian girls and women were held in high respect by the men. Some time ago I was with the Apaches in New Mexico, called the most savage of all tribes. Hundreds of them gathered at the agency to hear "the girl from another tribe" play on her violin their own songs. While I was playing, to the surprise of everyone, there was a scuffling among the men at the door. Afterwards I learned the reason. One of the Apaches had caught a sight of his mother-in-law in the room. He had come in without first gaining the consent of his wife's mother to do so, and he was trying to get out as quickly as he could. With some of those same "savage" redskins I rode their bucking broncos across the plains and among the canyons; and no cultured white gentlemen could have treated me more courteously than did they. The Indian is a natural gentleman.

LAKEVIEW  
Now is the time to enjoy Lakeview park. For the season is at the height of its glory, and the big crowds that nightly enjoy an inexpensive bit of pleasure at the famous old resort are unanimous in their opinion that this season at Lakeview is about the best that has ever been seen there.

The main reason, of course, is the dance hall. There, every afternoon and night, one can enjoy a dance under the best of conditions, which includes smooth floor, courteous attendants—for which Archie Conley is noted—perfect supervision, and—music. Jazz? Yes, and all the pop stuff of the day, exquisitely played by that combination of dance masters, Miner-Doyle's, assisted by the jazz kings, Arthur Moore and Harry Leavitt.

As a necessary adjunct to the orchestra, there must be a singer, and who could do better than Barney Horan. Barney keeps in touch with the big New York and Boston song houses, and always has the latest.

Another very necessary adjunct is the soda fountain, and you'll find no

ships, and their women folks always made it as pleasant for them as possible at their return.

More than this, they kept alive the spirit of courage in the hearts of the warriors who were away on the war-path. Often the girls and women at such a time would send the heart-cheer to their defenders. They would gather before the chief's tent and sing a song which expressed courage to the fighting men, for they believed their song-thoughts went straight to them. One of these songs composed by an Indian woman has come down to me.

TRUNKS OF ARMISTICE  
DELEGATES STOLEN

BERNE, Sunday, Aug. 3.—(Havas)—Trunks belonging to two members of the allied armistice commission in Germany were stolen recently, according to advices from Berlin. They contained documents concerning agreements for the restitution to Belgium and France of machinery that had been removed by the Germans.

## To Negotiate Armistice

Continued

forces on the line which has been reached and will not be asked to withdraw her troops to the line fixed on June 13 until the new government at Budapest has strictly confirmed the conditions of the armistice between Hungary and the Allied powers.

The Italian commander has sent a reply to M. Clemenceau stating that the new government is prepared to fulfill the armistice conditions as speedily as possible and requests the Allied and Associated powers to lend support by each power sending one regiment to Budapest. It is suggested that this be done in such a manner that the movement of the troops should not partake of the nature of a voluntary demonstration.

STREETS OF BUDAPEST HALF  
DESERTED—COMMUNISTS STRIP  
CITY OF MONEY

BUDAPEST, Sunday, Aug. 3.—(By the Associated Press) The city today presents a pitiful appearance after the

flight of the Communists. The streets are half deserted, no stores are open, there is little food in the hotel or private houses, and no soap, coffee, tobacco or linen is to be had. Many windows are broken. The people moved about aimlessly but smiles have replaced the looks of terror that were on their faces.

The new cabinet is sitting day and night working on the formidable task of reconstruction and bringing about order.

The communists, who robbed both for political and private purposes, left the banks empty. Financial institutions which contained about five billion crowns now have barely 50,000,000.

000 in good money in their vaults. Finance Minister Miskies does not know which way to turn, as the only money left him is paper. In addition to printing foreign bank notes the communists falsified Czech and Jugoslav stamped money to a great extent.

According to Peter Agoston, minister of foreign affairs, all eyes are turned to America for food, especially for the children. It is understood however, that the Hungarian harvest is reasonably good and that the lack of food heretofore in some measure is due to the refusal of farmers to sell to the Communists.

It does not appear that the communists stole the paintings in the museums, though many have been taken from private residences.

BELA KUN AND HIS ASSOCIATES GRANTED ASYLUM BY AUSTRIA

VIENNA, Aug. 4.—Bela Kun, former

dictator of Hungary, and his associates, have been granted asylum by Austria to avoid disturbances and unnecessary bloodshed in Budapest, according to an official statement. They will be allowed to remain in Austria under detention until Hungary is able to receive them again, but will not be permitted to carry on political propaganda.

Bela Kun's fight to maintain power during the last four months has been a continuation of his extraordinary career during the war. He is a Jew with a strain of Turkish blood, according to his friends. He is a small man, unimposing physically, but said to have a peculiar power over men and an ability to stir the imagination of all.

Soldiers, it is said, obeyed him with a blind faith, although many never saw him. Several times the Associated Press correspondent was able to pass military lines with Kun's signature, scribbled with lead pencil on a piece of unstamped paper, when other passports were not recognized.

THE STORE OF ABSOLUTE SATISFACTION

# After Stock-Taking Sale

## TUESDAY—WEDNESDAY—THURSDAY

Twice during the year department buyers know exactly what merchandise they have in their departments. This occurs at Stock-Taking time, and buyers are always glad to sacrifice any odd lots or surplus quantities of merchandise in order to start their new season right. Because of this fact our patrons should take advantage of the many very special values offered and do your shopping Tuesday, Wednesday and Thursday.

MEN'S CLOTH HATS, broken lots and sizes, \$2.00 value. Sale price.....**\$1.00**

### COAL GOING UP SAYS LOCAL DEALER

Coal will sell from \$15 to \$20 a ton this winter, according to several local coal men who were interviewed today.

Various reasons are given by the dealers for this expected advance in the price of the black diamonds. Some attribute it to the increase in freight rates which is soon to become effective, while others think that lack of sufficient transportation will make the fuel scarce and costly as never before.

"I would not be surprised to see \$15 and \$20 coal this winter," said one well known coal dealer. "In fact, I expect it. Production is now 40 per cent. below normal, and a big increase in freight rates is expected soon. Then again, the miners have recently received big increases."

"A big shortage of coal in Lowell is a certainty this winter, and no matter what is done now to avert this, it will be too late to have much effect. Everyone is oversold, and we are all having difficulty in securing a supply."

"We have tried to make the public realize the seriousness of the situation for some time, but it seems to be the prevailing opinion among the people that this is merely a ruse of profiteers. But believe me, we are mighty lucky to break even on the present prices."

"Freight rates are now from \$3 to \$4 a ton from where we get our supplies, and an increase is expected. In normal times the rate was less than \$2. This is a sample of how things are hitting us."

"In order to get coal at all we are forced to pay a premium of 15 cents on some coals, and \$1.25 on others, with rates in between those figures."

**ZOO CLUB STAGES ITS SECOND SHOW**

The popular Zoo club staged its second show of the year at the Owl Theatre yesterday afternoon and evening, and two large audiences witnessed one of the brightest, snappiest and most enjoyable entertainments seen in Lowell in many moons. Both professional and amateur talent were included in the program, and each number went away over the top.

Charles Cottrell opened the musical melange with several piano selections, and was followed by those two clever juveniles, Marie Dewire and Bernard Knopf.

"Lem" Galloway, Lowell's own ventriloquist came next, and made a big hit with his work. "Lem" had quite a family gathering with him when he appeared, and all the little puppets went through the sketch without a slip. The mannikins danced, sang and cracked jokes, and all the time the man behind looked on in a half bored manner, just as if it wasn't all his own "dolls."

The two Dion sisters, who need no introduction to local theatregoers, sang several catchy and zingy selections, and as usual, were cheered to the hilt. "Everything Is Peaches Down In Georgia" was their first number, and then Miss Bertha sang "You're Making a Miser of Me" Alice brought down the house with "Rosie Ricolla," and the pair gave as their final number "You're Still An Old Sweetheart of Mine."

Miss Madeline Boland sang "Somewhere a Voice Is Calling" and "When You Find Another Sweetie Hanging Around."

Commissioner James E. Donnelly was

the last of the local entertainers, and took the house by storm. "Jimmie" offered about all the "Scotch" he knew, and still the audience pleaded for more. Perhaps his best number was "The Laddies Who Fought and Won," and his other selections were all corkers.

Following the commissioner, five rapid-fire vaudeville acts were given by professional entertainers of A 1 calibre, all of which were well received. Not the least of the contributing factors to the success of the show was the 10-piece orchestra, under the leadership of Prof. John Kehoe, which provided the accompaniment to the efforts of the various artists.

The committee in charge of the affair consisted of J. W. Buey, Martin J. Miskell, Ray S. Averill, Dr. James H. Roger, Charles LaRue, James Forsythe, John Kehoe and A. S. Goldman.

The officers of the Zoo club are: President, Thomas Costello; vice president, Thomas Boyle; treasurer, Dr. James H. Roger and secretary, E. P. Parsons.

**A BIT EMBARRASSING BUT A GOOD JOB**

There's a perfectly good job open to some Lowell young woman who thinks she knows a thing or two about things natatorial or semi-natatorial and who is able to qualify as having an abundance of good judgment. The Lowell park commission wants a bathing suit censor.

Unfortunately and strangely, the position is not open to men. The reason is undisclosed by Supt. John W. Kernan who made known the commission's wants today. Perhaps the office of the park department at city hall would be insufficient to cope with the throng of applicants who would be only too glad to show their civic spirit in this way and then again perhaps there are other reasons. But let it be understood right at the beginning that no men need apply.

As announced Saturday the one-piece bathing suit is not meeting with popular approval at the municipal swimming pool off Yarnum avenue. Complaints have been made about men appearing in such garments, and now it devolves that everybody who visits the pool is not in favor of women appearing in the one-pieces, although a "yea" and "nay" vote has not yet been taken on the matter.

However, the presence of complaints means that there is something wrong and wrongs must be righted. Accordingly, somebody must be assigned to the swimming pool who will be able to tell when a one-piece suit is not a one-piece suit or at least, when it is not sufficiently unfitted to be the just cause of objection. In other words, a censor is wanted. Applicants

should apply at the office of the park commission. One young woman has already applied to Supt. Kernan but upon investigation she admitted that she could not swim and for this reason her qualifications would not be wholly unprejudiced.

**\$5000 Reward**

Continued

been offered by the Merchants and Manufacturers' association and Mayor Snyder announced that he would ask the city council to offer \$1000 additional.

Deep burns covered nearly half of the area of Mr. Lawler's body, chiefly on the upper part. Mrs. Lawler's burns were of a secondary nature, but her sufferings were increased by a fracture of the clavicle, sustained when her husband dropped her fainting from the second story of their burning home.

Awakened shortly before 3 o'clock Sunday morning by a terrific explosion, immediately below the second story porch where they were sleeping, and seeing their home enveloped in flames, Mr. and Mrs. Lawler attempted to reach another sleeping porch to rescue

their five year old son, Oscar Jr., and his nurse. When they were cut off by the fire, Mrs. Lawler fainted. Her husband took her in his arms and carried her through the flames to a window and lowered her body to an awning which covered a window on the ground floor. From the awning she fell to the ground. Mr. Lawler then jumping, struck his head on the steps. The boy and his nurse were rescued uninjured.

Neighbors told today of having seen a mysterious group of men near the Lawler home last Friday night, of hearing footsteps shortly before the explosion; of seeing a man dressed in gray a number of times in front of the residence and of a speeding automobile immediately after the explosion.

Three explosions were heard at the house and the police believe they were caused by the bomb and two five-gallon cans of gasoline. Parts of the bombs and cans were found 200 feet away. People in houses across the street were thrown to the floor by the force of the explosion, which broke windows in residences two blocks away. The Lawler home was practically destroyed.

**ARREST LABOR MEN**

Seven Officials of A. F. of L. Held For Holding Meeting Without Permit

PITTSBURGH, Pa., Aug. 4.—Seven organizers and officials of the American Federation of Labor were arrested at North Clairton, a suburb, yesterday, for holding a meeting without a permit. They were released on bail for hearing Wednesday.

Keep in touch with local events by having The Sun mailed to you while on your vacation.

## OVATION FOR MARINES

Vanguard of "Devil Dogs"

Given Enthusiastic Reception at New York

NEW YORK, Aug. 4.—Approximately 5000 marines, vanguard of 16,000 "devil dogs" whose exploits in Belleau woods, at Chateau-Thierry, Soissons and other former battle fields, make up a part of the record of the Second (regular) division to which they were attached, arrived here yesterday on the transport George Washington.

Led by Maj. Gen. John A. Lejeune, the marine officer who commanded the Second division, the troops came into port to a tremendous ovation. Major George Barnett, commander of the Marine Corps, went down the bay with his staff to welcome the fighters.

Contingents aboard the George Washington included the entire Fifth Regiment of Marines and the Second Battalion and supply company of the Sixth Regiment.

Immediately upon his arrival, Gen. Lejeune was informed that the war department had ordered concentration of his entire division in camps near New York for a parade which will be held about Aug. 12 when all units of the division save the First Signal Battalion, which was left with the army of occupation will have returned.

The famous "devil dogs" it was learned, were given a rousing farewell when they sailed from Brest. Two French gunboats escorted the George Washington out of the harbor and fired salutes as they dropped the transport out at sea.

Andre Tardieu, formerly head of the French mission to the United States, sent a special letter to the marines before they departed, declaring that "the fame of Belleau wood and the marines will never die" and that the entire Second Division had proven itself a "corps d'elite."

Forty-eight of the "devil dogs" brought home war brides. The transport Santa Clara also arrived from Brest with 730 infantry officers and men of the Second Division.

## REPORT OF DEATHS

For the Week Ending Aug. 2, 1919

- 21—Patrick Cuff, 34, arterio-sclerosis.  
William Smith, 50, arterio-sclerosis.  
John F. Barros, 5 d, gastro-enteritis.  
26—Catherine J. Feenay, 4 m, broncho-pneumonia.  
Narcisse Prince, 72, mitral insufficiency.  
Mary D. Burns, 49, arterio-sclerosis.  
Joseph E. W. Milhomme, 2 m, gastro-enteritis.  
27—Ernest Silva, 9 m, diphtheria.

## ACCEPTS RESIGNATION OF SERBIAN CABINET

BELGRADE, Aug. 4.—Prince Alexander, the Serbian regent, has accepted the resignation of the cabinet.

The Serbo-Croatian ministry's impending resignation became known last week, but no details concerning the reasons for this action have been forthcoming.

## BELA KUN WILL

## BE INTERNED

COPENHAGEN, Aug. 4.—Bela Kun, deposed Hungarian soviet leader, has arrived in Vienna where he will be put in an internment camp, according to a despatch from Vienna received here yesterday.

## PLANETS MOVING INTO HUGE DANGER ZONE

BY PROF. ALBERT F. PORTA

Noted Sunspot Forecaster and Discoverer of "Porta's Weather Laws."

Owing to a strange grouping of six mighty planets, such as has not been seen in a score of centuries, the United States next December will be swept by the most terrible weather cataclysm experienced since human history began.

It will be caused by the hugest sunspot on record.

A sunspot that will be visible to the naked eye.

Since men first began to make records of events no sunspot has been large enough to be seen without the aid of instruments. This one will be.

The sunspot that will appear December 17, 1919, will be a vast wound in the side of the sun.

It will be a gigantic explosion of flaming gases, leaping hundreds of thousands of miles out into space. It will have a crater large enough to engulf the earth much as Vesuvius might engulf a football.

Such a sunspot will be rich enough in electro-magnetic energy to fling the atmosphere of our planet into a disturbance without precedent or parallel.

There will be hurricanes, lightning, colossal rains.

It will be weeks before the earth

## WARSHIP COMMANDERS ON THE PACIFIC

CAPT. CARL T. VOGELGESANG

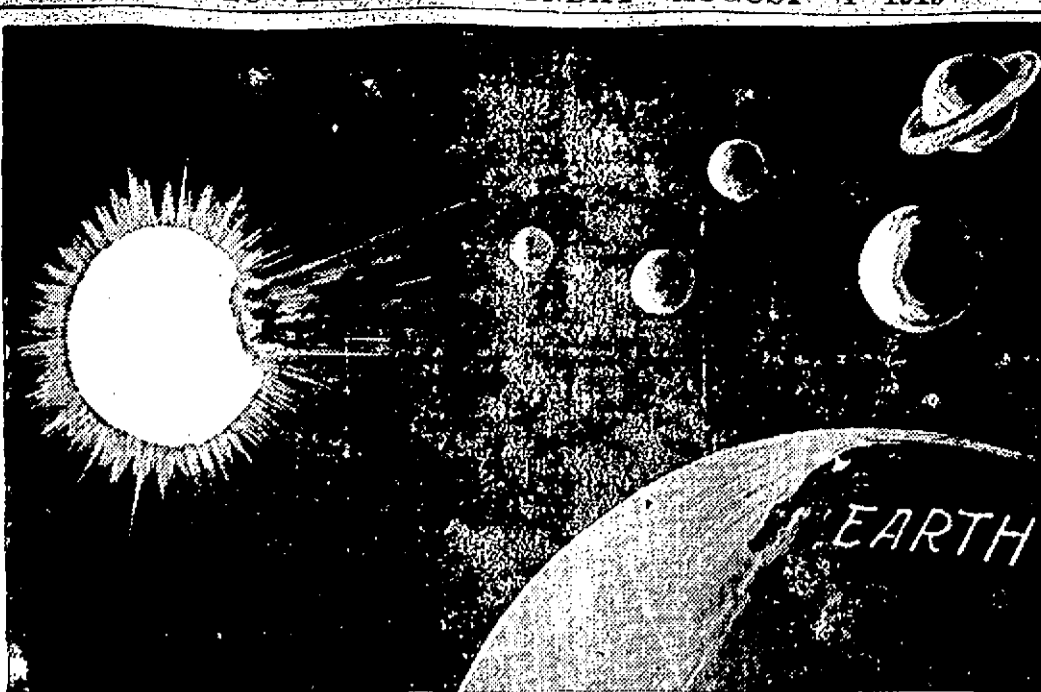

CAPT. EDWARD S. KELLOGG

COLON, Aug. 2.—Kellogg is commander of the battleship Vermont and Vogelgesang of the Idaho, both battleships in the new Pacific fleet, just looked through the Panama canal into Pacific waters.

## COMMUNITY SING

The Crescent Hill association will hold its first community sing next Thursday evening on the Greenhalge school grounds in Centralville with Albert Edmund Brown conducting. The affair will be open to the general public and a large attendance is expected.

HOW THE GREAT UPHEAVAL WILL BEGIN.—Artist's Drawing showing how the planets will be grouped together next Dec. 17, all pulling jointly on the sun from a narrow arc of 26 degrees. This will cause the greatest sunspot of all history, says Prof. Porta, and our earth will reel from the largest storms and volcanic disturbances ever experienced in history.

Below is the scientific drawing of the same event. In both pictures the planets are numbered as follows: 1—Mercury, 2—Venus, 3—Mars, 4—Jupiter, 5—Saturn, 6—Neptune. The planet Uranus (No. 7) is directly in line on the other side of the sun, while the Earth (No. 8) is in position to get the full force of the gigantic sunspot.

will regain its normal weather conditions.

There will also be gigantic lava eruptions, great earthquakes, to say nothing of floods and fearful cold.

I make this startling prophecy with no desire to be merely sensational or alarming. It is merely because my study of the planets has revealed certain results with mathematical certainty, that I now say to you.

"He warned in advance. Tremendous things are going to happen from

December 17 to December 20, 1919, such positions that they pull together and afterward."

Here are the simple, yet astounding facts that enable me to make this prophecy:

The planets in their orbits swing in great ellipses around the sun. They are linked to the sun, and to each other, by chains of electro-magnetic energy whose compelling forces counteract each other and hold each planet in its regular path.

Whenever two planets wheel into

on the sun—either in "conjunction" on the same side of the sun, or in "opposition" with the sun between them—their united pull causes the sun's gases to "explode"—to leap out into space in the whirling volcano we call a sunspot.

These sunspots in turn cause storms in the atmosphere of our earth—doubtless on other planets as well.

Two planets, united, are enough to cause a small sunspot and a small

storm. Three cause a larger one—four make a very great storm indeed, a position to receive almost the full force of the monster electrical disturbance as it leaps into activity on what, to us, will be the eastern horizon of the sun's disk.

This means we shall get the full strength of the storm when the sunspot is at its worst, before the exploding gases have had time to die down.

Such a grouping of planets has never been recorded before. The whole solar system will be strangely out of balance.

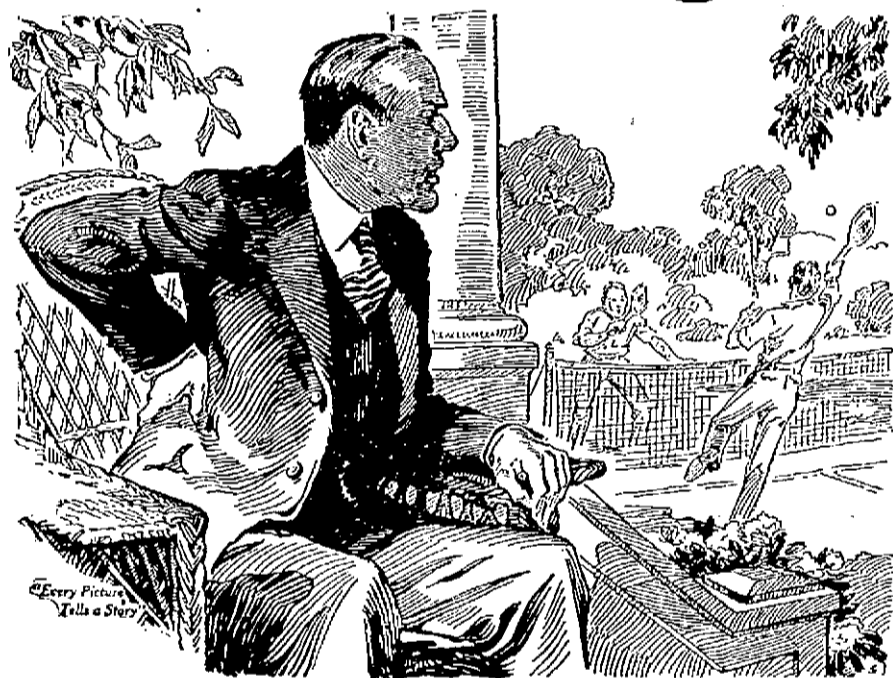

What will be the outcome? My knowledge does not permit me to state, beyond the fact that the storms, eruptions and earthquakes will be tremendous in their strength and scope.

Our earth is outside the league at

Prof. Alb. F. Porta May 1919

Prof. Alb. F. Porta May 1919

## Too Young to Feel So Old!

DON'T let that bad back make you old! Get back your health and keep it. You can detect kidney weakness in its early stages, from the morning lameness, dull backache, dizzy spells, nervousness and kidney irregularities. Taken early, a short treatment with DOAN'S KIDNEY PILLS will usually correct it. Kidney weakness is too often brought on by irregular habits. Practice moderation. Keep regular hours. Take regular exercise. Cut out useless worrying. Avoid over-eating, over-drinking, over-working and all other excesses. A perfect balance of brain, muscles and nerves makes work as sweet as play. You enjoy life, radiate good cheer and feel young at any age. Doan's have helped thousands. Here are some local cases:

## Some Lowell Cases

## GAGE STREET

Wm. Leblanc, machinist, 91 Gage street, says: "Doan's Kidney Pills have been a great help to me and I wouldn't be without them in the home. My work is trying on the back and kidneys. At times I have to work in a cramped position and at one time it nearly broke my back to bend or straighten up. Mornings I was sore and lame. The kidney secretions passed irregularly, too. I used Doan's Kidney's Pills as directed and so on felt like a different man. I could go about my work without any trouble with backache."

## OSGOOD STREET

D. W. Hilliard, captain in city fire department, 20 Osgood street, says: "I have used Doan's Kidney Pills at different times and can say they are the best remedy I ever took for weak kidneys. Several years ago I hurt my back by a fall and it weakened my kidneys. My back became weak and there was a dull, constant pain in the small of it. I bent over, the pains seemed to be sharp and it was quite difficult for me to straighten up. Whenever I have had these attacks, Doan's Kidney Pills have given me relief." (Statement given October 22, 1914.)

## STILL PRAISES DOAN'S

On February 17, 1919, Mr. Hilliard said: "My faith in Doan's Kidney Pills is as strong as ever. I know they are a reliable kidney remedy and will do what is claimed for them."

## LINCOLN STREET

Mrs. May Zeswitz, 108 Lincoln street, says: "Doan's Kidney Pills are not a new remedy to me for I have used them off and on for several years and know they will do what is claimed for them. I had attacks of kidney trouble and my back ached and pained me in a throbbing way. I felt worn-out and miserable and my kidneys annoyed me by their irregular action. Doan's Kidney Pills promptly relieved the trouble. The aching left my back and my kidneys were soon in good condition. When I have had any return of the trouble, Doan's Kidney Pills have always given good relief."

## WILSON STREET

Mrs. H. L. Ashley, 19 Wilson street, gave the following statement July 15, 1915: "There seemed to be a weakness in my kidneys. At first my back felt weak and began to pain me. I was very nervous and felt tired all the time. Another of my family was using Doan's Kidney Pills with fine results, so I began to take them. I had relief from the backache in a short while and my kidneys gradually grew stronger. After a short treatment with Doan's Kidney Pills, I was rid of these symptoms of kidney complaint and now I am free from the trouble."

On February 17, 1919, Mrs. Ashley said: "The cure Doan's Kidney Pills made for me has been a lasting one. I never fail to recommend Doan's. They are just as representative."

## WASHINGTON STREET

Mrs. L. W. Cather, 67 Washington street, says: "My kidneys were weak. I was in a run down condition, had no energy and felt dull and languid, especially mornings. I was dizzy at times and had nervous headaches. My kidneys didn't act regularly. I used Doan's Kidney Pills, getting them at Steves' drug store, and my health soon improved. I felt strong and my kidneys acted normally. Doan's helped me wonderfully." (Statement given May 8, 1917.)

On February 17, 1919, Mrs. Cather said: "I seldom have need of a kidney remedy now, as Doan's Kidney Pills have about cured me. I use them occasionally and they keep my kidneys in good shape."

## HASTINGS STREET

George A. Dickey, city fireman, 11 Hastings street, says: "I have used Doan's Kidney Pills with benefit and I know they are a good remedy for kidney complaint. I had severe pains in my back and was so sore and stiff, I could hardly bend over. When I caught cold, the trouble was always worse. The kidney secretions were too free in passage and annoyed me greatly. I used Doan's Kidney Pills and they regulated the action of my kidneys and my back became strong and well." (Statement given May 1, 1917.)

On February 17, 1919, Mr. Dickey said: "Doan's Kidney Pills put my kidneys in a good, healthy condition. I have had no return of the trouble and always recommend Doan's Kidney Pills."

## Birt's Head Wash

Nothing feels so refreshing as a shampoo with Birt's Head Wash. It cleans the scalp of all impurities and brings out the real life and luster of the hair. It removes dandruff and stops the hair from falling out.

Birt's Head Wash is a scientific preparation made of refined soap, cochin carotene oil, white of eggs, glycerin and salicylic acid.

## Doan's Kidney Pills

Every Druggist has Doan's, 60c a box. Foster-Milburn Co., Manufacturing Chemists, Buffalo, N. Y.

**YOUNG KLOBY WINS BOUT**  
Defeats Johnny Donovan in  
Three Rounds at Lawrence  
—Other Bouts

Young Kloby of Lawrence won from Johnny Donovan of South Boston in three rounds at the Lawrence ball park Saturday afternoon. Before a crowd of over 4000 fans, including several hundred from Lowell, Kloby outwitted his opponent by several rounds. Donovan weighed 133 1/2 pounds while Kloby weighed 134 pounds. Kloby won the first round by a knockout. In the second round, Kloby won by a decision. In the third round, Kloby won by a decision. Kloby's manager, Charles Kelchner, said that Kloby was a very good fighter and that he was very confident of his victory.

The New England league of professional baseball clubs wrote "Fins" to a rather shaky and unsuccessful season Saturday, packed up its balls and bats and stole away from the city which was barren of support. Word of the final crash came from Haverhill, where it was announced Saturday morning that the Haverhill team would disband itself after the double-header with Fitchburg in the afternoon. As a three-club league is out of the question for the little city was to be found continuing was impossible.

**B. & M. LETS EASY GAME SLIP AWAY**  
The C.M.A.C. surprised even themselves Saturday afternoon at Spaulding park when they overcame a five-run lead and evened up the series with the Boston & Maine car shop team by eventually winning a loosely played game by the score of 5 to 5.

and scout, will have charge of the team. Mike Dooin and Jimmy Walsh have been released.

"Charlie" Kelchner is well and favorably known in Lowell, where he managed the N. E. league team several years ago. He knows baseball and pavers from A to Z and has had remarkable success in managing, scouting and developing ball tossers. When in Lowell he made famous the expression "You can do it" and his Lowell admirers wish him success in piloting Reading to the top. They say "He can do it."

There was a great array of talent in Lawrence Saturday. Among those presented by Announcer Ben Keaveney were Paul Doyle and Eddie Shevlin, welterweights, who are anxious to meet Kloby. Pitman man if matched with the famous soldier boxer, would prove a great attraction.

Hubert grew stronger as the game progressed and after the fourth inning allowed only three men to face him in each frame. He fanned the side in the eighth and the first two men up in the ninth.

**K. OF C. WINNERS IN SUNDAY GAME**

**BUNTINGS SWAMP SAGINAWS, 17-5**

A crowd of fully 5000 attended the baseball game on the South common Sunday afternoon, played between the K. of C. and Provost Guards of Camm Devens. The game was replete with thrills and for a while it looked as though the soldier boys would beat the local Knights. The feature of the game was the general all round play of Cawley and the team work of the winners. The Provost Guards played an excellent game, but because of playing a hard game Saturday and shifted positions they were not up to their usual standard. Sunday baseball undoubtedly proved popular and thanks should be given to Supt. Ker, acting Mayor Marchand and Mayor Thompson. The grounds were roped off under the able supervision of Supt. Welch and the crowd was extremely orderly at all times.

The Hunting baseball team met and defeated the Saginaws Saturday at Bunting park by the score of 17 to 5. The Buntings opened an attack in the early part of the game and a fusillade of bingles rocked the defensive works of the Saginaws. Ted Campbell was in the box for the Buntings and was invincible. He sent 17 batters to the dug-out after their bats had fanned the breezes, and allowed three hits. His bat also connected for four bingles, two of which went for extra bases. The Saginaws used two pitchers but were unable to stop the heavy sluggers on the Bunting team. Next Saturday the Buntings play the Chelmsford team at Bunting park. The team is coming strong and while late in organizing has one of the strongest aggregations of ball players in the city. When they complete their present schedule they will challenge the winners of the present series being played for the city championship, K. of C. C.M.A.C. Boston & Maine Car Shops and St. Peter's A.A. please take notice.

**MAINTAIN BASEBALL**

**THE TENNIS TOURNAMENT**

The Wanderers Juniors defeated the Pirates Saturday, 11 to 2. They were like game No. 11 or 12-year-old teams. Challenge through this paper.

The Hasford Juniors took the measure of the Marions A.C. on the South common Saturday. The winners desire to cancel their game with the Universals next week.

The Crescent Hill association team defeated the Sacred Hearts at Shedd park Saturday afternoon by the score of 3 to 6. Downey and Shean were headliners.

The S.A.C. would like a game with St. Peter's S.E. on Saturday afternoon, Aug. 9. Answer through this paper.

NEWPORT, R. I., Aug. 4.—The invitation tennis tournament, the first to be played here for two years, was scheduled to begin today with one of the best fields ever seen in a meeting in America. Including the four visiting Australians and America's foremost stars, R. Norris Williams was to meet Josiah Wheelwright, another Bostonian, in the first match, scheduled for 10:30 this morning.

**GO TO CANADIAN LEAGUE**

**LOWELL K. OF C. LOSE TO PERE MARQUETTE**

In a free hitting and loosely played game on the South common Saturday afternoon the Bellevues defeated the Lowell Knights of Columbus by the score of 12 to 4.

The Bellevues got two in the third frame in the fourth, one in the fifth and four in the eighth. The Mathew tallies came in the fourth when two were scored, the sixth and the seventh. Three men were on in the eighth but for the "Mats" played the ending for the prohibition boys, while the ability of the winners to bunch their hits was frequently productive of tallies.

**Camel CIGARETTES**

Don't look for premiums or coupons, as the cost of the tobacco blended in CAMEL Cigarettes prohibits the use of them.

**Cigarettes made to meet your taste!**

Camels are offered you as a cigarette entirely out of the ordinary—a flavor and smoothness never before attained. To best realize their quality compare Camels with any cigarette in the world at any price!

Camels flavor is so refreshing, so enticing, it will win you at once—it is so new and unusual. That's what Camels expert blend of choice Turkish and choice Domestic tobacco gives you! You'll prefer this blend to either kind of tobacco smoked straight!

As you smoke Camels, you'll note absence of any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor. And, you'll be delighted to discover that you can smoke Camels liberally without tiring your taste!

Take Camels at any angle—they surely supply cigarette contentment beyond anything you ever experienced. They're a cigarette revelation! You do not miss coupons, premiums or gifts. You'll prefer Camels quality!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine paper covered carton. We strongly recommend this carton for the home or office supply or when you travel.

**LOWELL K. OF C. LOSE TO PERE MARQUETTE**

The Lowell Knights of Columbus baseball team dropped the first of a series of three games to the Pere Marquette council team of South Boston Saturday afternoon by the score of 6 to 3. The contest was staged on the 31 Street playground in the latter city and was witnessed by a large crowd, including a number of men from this city who made the trip in auto trucks and private machines.

Although retired winners, the Pere Marquette crew did not play like champions. They are touted to be and Nixy Conghlin firmly believes his team will win the series. Liability to hit him, Pere Marquette pitcher, spelled defeat for Lowell. The Boston hurler allowed only five hits and fanned 10 batters. He had to pitch his head, for his team slumped and six times behind him and Lowell took advantage of every misplay.

Seully was Coughlin's selection and he got by fairly well, but yielded hits at inopportune times. O'Brien, Boston catcher, with a single and a brace of doubles, was the hitting king. McVey got two runs and a double play. The first base play here on the South common Saturday. The score:

GOVERNMENT PREPARES  
TO FIGHT PROFITEERING

WASHINGTON, Aug. 4.—Steps toward reducing the high cost of living are expected this week.

While all government departments are working toward the end of alleviating unrest by restoring a normal level of prices, interest centers in the meeting Tuesday of the conference called by Atty. Gen. Palmer to consider the best method of procedure, especially with respect to profiteering.

The committee appointed by the conference—Director General Hines, Asst. Sec. of the Treasury Leflingwell and Chairman Colver of the federal trade commission—have been engaged in an exchange of memoranda which will be put before the conference for recommendation to President Wilson, who is following all steps closely.

The presence of Julius Barnes, director of the United States Grain corporation, at a meeting Tuesday will give expert counsel to the cabinet members and other officials on the grain situation.

Consideration of a plan to sell wheat in a free market, the government absorbing the difference between the market price and the guaranteed price, is believed certain.

## Palmer Studies Profiteering

There are indications that the attorney general is paying special attention to cases of profiteering. He has at his disposal a great volume of information collected by the federal trade commission, showing production costs in scores of industries.

While there is no law by which profiteering may be punished directly, Mr. Palmer has said that there is a great deal of "good law" on the statute books and it is believed he will find a way to punish any cases where there are evidences of extortion.

The average citizen is the man in whose behalf the profiteering investigation will be pushed, despite the fact that it was the new demands of the railroad labor unions which precipitated it.

Several officials have expressed sympathy with the railroad man who lacks the backing of powerful organization.

## Cabinet Meets Tomorrow

The cost of living situation, it was learned today, will be one of the chief topics to be discussed at tomorrow's cabinet meeting. The question was brought up at last week's meeting, but it is understood that President Wilson and his advisers decided to postpone efforts to reach an agreement as to definite action pending the obtaining of definite information.

Some members of congress believe the president will address congress on the subject in the near future.

## AMUSEMENT NOTES

## THIS STRAND

A double-barrelled feature bill is on the tapis at the Strand, the first half of the present week, beginning today. Harry T. Morey, wonderfully intense actor, will be seen in "The Man Who Won," a story of the man who sought to reach the platinum supply of Asia for the United States government. It wasn't an easy task, the light with the Malays in this is startlingly realistic. The love element is not missing. "Fanny Mabel Norman" in "When Doctors Disagree" is also on this bill. In her latest Goldwyn play she does some things that have never been brought onto the screen before—among others she darts with chewing tobacco. Harry Cody will sing the latest songs, and there will be a father comedy and the international week. The pony contest standing will also interest everybody.

## NATIONAL CHRISTIAN ENDEAVOR

CONVENTION TO BE HELD IN  
JUGO-SLAVIA

BOSTON, Aug. 4.—Announcement of the first national Christian Endeavor convention in Jugo-Slavia this fall is made by Rev. Francis E. Clark, D.D., president of the World's Christian Endeavor union. Dr. Clark left here with several other officers today to attend the biennial conference of the United Society of Christian Endeavor at Buffalo, tomorrow.

Dr. Clark said that the advancement of the movement had continued during the war period despite the entry into service of more than 300,000 Christian Endeavorers.

## HIT BY AUTOMOBILE

Bernard Gerson, aged 14 years and residing at 20 Washington street, was struck by an automobile at the corner of Grand and Hale streets last night and received a fracture of the wrist. The owner of the car is George D. Morse, of 33 Cherry street, Danvers, who conveyed the boy in his car to St. John's hospital.

ON BOARD THE U. S. S. NEW MEXICO, Aug. 4.—(By wireless the Associated Press)—Six dreadnoughts of the Pacific fleet were shaken severely by a double earthquake at 5.18 o'clock Saturday afternoon, 20 miles off the coast of the State of California.

The New Mexico trembled from bow to stern as if she had struck an uncharted reef and the navigating officer sounded "collision quarters" as the flagship's siren.

Sailors in the foretop said the battle masts of the warships swayed like poplar trees in a gale.

Officers on the quarter deck hurried to their posts and the crew and the marines took their places. Meanwhile

all watertight compartments on the New Mexico were closed and inspection parties were sent into the hold to see if there had been any damage to the hull.

Wireless telephone messages were received soon from the five other

dreadnoughts reporting that they were being hit by the shocks. The Mississippi wharf was further off shore reported heavy vibrations. "Just what I thought," Admiral Rodman said.

When the first tremor of the shock was felt those below hurried on deck. The faces of some of the recruits showed alarm, as the men stood in the quarters awaiting orders, while the flagship rolled and pitched in the heavy ground swells that followed the shocks.

Admiral Rodman kept the crew working for 15 minutes and then

dered the "secure signal" to be sounded. He took the whole incident as it were a matter of routine, giving his orders quietly on the quatered deck while officers and men were running to their posts in the tense excitement of the first few minutes.

One of the officers reported that he believed the earthquake came from the west.

old crater in the Sierra mountains which fringe the coastline near by dropping off into the sea.

## GERMAN TRIED TO BRIBE U. S. ARMY OFFICER

COBLENZ, Aug. 2.—(By the Associated Press)—Ludwig Sacke, a German horse dealer, convicted of attempting to bribe American army officers in connection with the sale of 24 horses, was sentenced to four months imprisonment today and fined 100 marks by the superior provincial court. The case was merely go-between and that wealthy German in the interior were back of the conspiracy.

The bribe of 100 marks each for 24,000 horses, according to the official army exchange rates, would amount to about \$150,000.

**COMMUNITY SING**

Counsel For Anti-Saloon League Says Dry Enforcement Act Constitutional

Denies League Forces Intend To Start Anti-Tobacco Campaign

WASHINGTON, Aug. 4.—Wayne B. Wheeler, counsel for the Anti-Saloon League of America, took issue today with the opinion of Elihu Root, William D. Guthrie and William D. Marbury, counsel for the United States Brewers' association, that the proposed war prohibition enforcement act is unconstitutional. He also denied that the league forces intended to start an anti-tobacco campaign.

"The authority of congress to enact the war prohibition law," he said, "rests on the provisions in the constitution which gives congress power to support the army and navy. This power and obligation extends through demobilization. The courts have so held. Congress evidently intended to prohibit all beer and wine in the original act. Some of the courts hold the act does this. Others hold differently. Congress is simply trying to make clear the intention of the original act."

It is now settled by the supreme court that if congress has power to enact a law, it has also the power to enact additional legislation to make the original act effective and enforceable. To define the term intoxicating liquor is necessary to make the act enforceable especially where courts have defeated its purpose by construction."

Referring to charges made by the association opposed to national prohibition that the Anti-Saloon League was actively aiding in a campaign of the W.C.T.U. against tobacco, Mr. Wheeler said:

"The anti-tobacco scarecrow of the anti-prohibition association does not fool anyone. The anti-saloon league forces have no intention to start this crusade. The liquor traffic is a public nuisance. The tobacco habit may be a private or personal bad habit, but it is not in the same class as intoxicating liquor."

## SOLVING THE HIGH COST OF LIVING

The first step on the part of local authorities to reduce the high cost of living was taken this afternoon when Acting Mayor George E. Marchand dictated a night letter to Congressman John Jacob Rogers asking him for information concerning the sale of foodstuffs by the war department to the city for later disposal to citizens.

Mayor Perry D. Thompson received a communication from the war department early last week which gave a general outline of the plan but did not state how much food a municipality would be allowed. The letter stated that the food would be sent from one of 13 zone centers, the one nearest Lowell being Boston. The city purchasing it would have to pay all transportation charges but the government would not require its money until 10 days after its delivery. The manner of disposing of the food would be left entirely up to the city purchasing it.

The war department has announced the placing of large amounts of canned food of all descriptions on the market which can be bought at a price much below the market price. By having municipalities purchase it, it can be disposed of much more quickly and in larger amounts than if sold directly to consumers.

Congressman Rogers will receive Commissioner Marchand's telegram in

## WILL SHE HAVE TROUBLE FINDING A HUSBAND?

SAN FRANCISCO, August 4.—Della Patra, Egyptian princess, niece of the khedive by her own admission, is in America to find a husband and popularize Egyptian styles. These two poses by the princess will dispel any doubt as to success on the first score, and one must admit the turban and pantalettes are not unattractive.

ancient time to have a reply back in Lowell by tomorrow noon. The two essential phases of information wanted are how much food Lowell can get and how much it will cost.

The South common has been suggested as the place to dispose of it but today Examiner Cornelius F. Cronin of the United States Employment service offered the use of the quarters which he is occupying at 119 Merrimack street if they would be suitable. It has been suggested that municipal employees as well as various organizations, such as the Red Cross, canteen workers, Boy Scouts, etc., assist in the distribution. The amount of food which would be sold to one individual would have to be restricted so that all might have a fair chance to get some.

Pending the arrival of an answer from Congressman Rogers there will be no further step on the local end, Commissioner Marchand said this morning. As soon as the answer is received and shows the matter feasible a special meeting of the city council will be called to set the machinery in motion.

## MATRIMONIAL

Mr. Albert E. Johnson and Miss Mary Shaw were united in marriage at St. George's church, Central Falls, R. I., Saturday. After visiting relatives in New Jersey, Mr. and Mrs. Johnson will make their home in Central Falls.

Kavanaugh—Pelletier  
Sergeant Michael J. Kavanaugh and Miss Laura Pelletier were married Saturday evening at 5.30 o'clock, the ceremony being performed at St. Joseph's rectory by the pastor, Rev. Eugene Turcotte, O.M.I. The best man was Mr. Desire Nadeau, while the bridesmaid was Miss Alice Pelletier. At the close of a brief honeymoon trip the bridegroom will leave for overseas duty.

plan to have congress create a commission to go into all phases of railroad wages. This plan was proposed to congress last week by the president.

As chairman of the committee appointed by Attorney General Palmer's conference on means to reduce the cost of living, Mr. Hines is in close touch with plans under consideration to bring about a normal level of prices and relieve the distress of the average citizen. Yesterday he went over many suggestions made by Assistant Secretary Leffingwell and Commissioner Colver, the other members of the committee. A report to the conference will be made tomorrow at the second meeting of cabinet members and other officials called by Mr. Palmer and recommendations are expected to be transmitted soon to President Wilson.

## PRES. WILSON RETURNS TO HIGH COST OF LIVING

WASHINGTON, Aug. 4.—President Wilson returned to Washington early today from a week-end trip down the Potomac on the Mayflower. He had no engagements for the forenoon and was understood to be devoting his attention to the high cost of living problem.

## AGITATION AGAINST HIGH LIVING COST UNSETTLES THE COTTON MARKET

NEW YORK, Aug. 4.—Agitation against the high cost of living and generally disturbed labor conditions, unsettled the cotton market and prices broke more than 45 a bale during today's early trading.

October contracts which had sold at 35.50 and closed at 31.30 Saturday, opened at 34 and within 20 minutes fell off to 12.15 under heavy liquidation.

Wanted—Miscellaneous  
Sealed bids for purchase of 20 tons No. 1 loose hay, put in our Stable (have Hay Carrier). Can start hauling anytime inside next two weeks. For further information telephone or write to C. F. LANGLEY, Agent, American Railway Express Co.

duty, while the bride will make her home in this city.

Whitaker—Thurber  
Word has been received here of the marriage of Mr. Alfred T. Whitaker, son of Mrs. Annie Whitaker, 9 Fort Hill avenue, this city, to Miss Muriel Thurber, daughter of Ezra Thurber, 418 Chelmsford street, also of this city. The young couple were quietly married by Rev. T. Baker, of Hampton, N. H., at Hampton beach, July 26th. Mr. Whitaker is well known in Lowell, being one of the star players of the baseball and football teams of the Lowell high school of 1916-1917. He also took part in the numerous operas and other affairs connected with the school. Mr. Whitaker left the Lowell high school in 1913 and attended Lawrence academy, where he made a name in athletics and scholarship, finishing school with high honors. He is now employed at the Portsmouth navy yard, Portsmouth, N. H. Miss Thurber, is also well known in Lowell, especially by the younger set, being a leader in social events at the Lowell high school. The young couple will reside for the present at Hampton beach, N. H.

And the petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks. In the Lowell Sun, a newspaper published in Lowell, the last publication to be on day at least before said court, and by mailing postpaid a copy of said citation to each of the persons named in the petition seven days at least before said court.

Witness, Charles J. McIntire, Esquire, First Justice of said court, this twenty-eighth day of July, in the year one thousand nine hundred and nineteen.

## BOOST PRICES OF PIES IN CHICAGO

CHICAGO, Aug. 4.—Prices of pies went up today. Bakers raised the price of special pies to retailers from 30 to 33 cents. Extra special pies made from fresh fruits went from 25 to 40 cents. Restaurants raised prices or reduced portions.

## Drop in Prices

Continued  
plan to have congress create a commission to go into all phases of railroad wages. This plan was proposed to congress last week by the president.

## Chelmsford Man Was Badly Crippled With Rheumatism

Joints Were Sore, Swollen and Terrible To Look At—Neighbors Could Hardly Believe Mr. Davis Would Ever Walk Again

"I wish to say a few words for the benefit of those suffering from rheumatism. I believe I suffered as only those afflicted can understand," said Mr. C. L. Davis of Grand View Farm, Chelmsford, Mass.

"I suffered from rheumatism so that on the eighth day of January I had to give up entirely, and my wife called doctor after doctor, but to no avail. They gave me up as incurable, and be-

lieved I would be a wheel chair cripple if I lived at all.

"Every joint in my body was involved, my whole body was sore, my hands and feet swollen to almost twice their natural size and useless. My knees refused to bend and my arms and shoulders seemed to drive me mad with pain. No matter how I would sit or lay the pain would be continuous agony. Finally I got so bad we decided to sell the farm as the doctors said I would never be any better.

"Some time ago I read about Weldona and the great work it was doing right around me. My wife drove to the drug store and the only way I could get from the team to the sidewalk was to slide from a plank. I was unable to walk, and it was agony to even slide down the plank.

"The day I got Weldona was the happiest day of my life, for from the time I started to take Weldona I commenced to improve, and have continued to gain. I have been out in the fields plowing and pulling stumps and am rapidly getting back to my old self again.

"I wish to say to those who are putting off taking Weldona—Don't do it. Start now to take these wonderful little tablets for I am sure they will do as much for you as they have for me, and you will be thankful that I recommended them."

Weldona is composed of herbs, roots and other ingredients which tend to drive rheumatism from the blood. Weldona does not contain alcohol, narcotics or habit forming drugs, but tends to help the stomach. Every day's delay is another day's suffering—Get it now, today at Dow's Drug Stores (2 stores) and other reliable druggists.

SPASM OF RAGE  
AND DESPAIRFinal Remains of Civilization  
May Be Totally Annihilated, Says Henderson

British Labor Leader Predicts Terrible Winter For Peoples of Europe

LUCERNE, Switzerland, Sunday, Aug. 3.—"A terrible spasm of rage and despair before winter among the peoples of Europe, in which the final remains of civilization may be totally annihilated," was predicted by Arthur Henderson, the British labor leader, at the opening of the international socialist conference yesterday. He said the principal points of the peace treaty ought to be revised thoroughly and immediately.

Otto Wells of the majority element of the German socialists, declared that the German workmen expected from the socialists the creation of a real League of Nations. He characterized the league organized in Paris without Germany and Russia, as members, as a "mere passivity."

General Pershing said the area to be occupied by the Americans on the Rhine had not been determined by the inter-allied council but that a decision was expected soon.

The French have virtually completed plans to take over the districts to be evacuated by the homeward bound American units.

General Pershing today visited the First Division, which is on the east bank of the Rhine and is preparing to turn over the bridgehead proper to French forces about August 15. First division units, according to the present schedule, will begin sailing from Brest during the last week in August. Officers said they expected the entire division to arrive in the United States just before General Pershing reaches there.

General Pershing, accompanied by Major Generals Hines and Brewster, and Brig. Gen. Connor, left tonight to continue his tour of the battlefields where Americans fought.

PERSHING TO  
SAIL SEPT. 1Coblentz Will Become the  
Headquarters of American  
Forces in EuropeHeadquarters at Paris To  
Close Aug. 20—Pershing  
on Final Tour of Battlefield

COBLENZ, Saturday, Aug. 2.—(By the Associated Press)—Coblentz will become the headquarters of the American forces in Europe when American Grand Headquarters in Paris are closed August 20. Antwerp will be the base port for the American contingent that is to remain on the Rhine indefinitely.

General Pershing, who arrived here today on his final tour of the battlefield, said he intended to sail from Antwerp about Sept. 1. The composite regiment of picked men that marched in the Paris and London Victory parades, probably will sail with him.

General Pershing and Major General Henry T. Allen discussed the personnel of the permanent American garrison that is to remain here after the departure of the Third Division next week.

General Pershing said the area to be occupied by the Americans on the Rhine had not been determined by the inter-allied council but that a decision was expected soon.

The French have virtually completed plans to take over the districts to be evacuated by the homeward bound American units.

Burial took place at St. Anthony's church at 2 o'clock. Burial took place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

WILLIAMS.—The funeral of Mrs. Esther D. Williams was held from the home of her sister, Mrs. Alexander Duncan, 35 Mt. Vernon street yesterday afternoon at 3.30 o'clock. The services were conducted by Rev. Herbert Benton, pastor of the Great Universalist church. Appropriate selections were sung by Miss Vivian M. Cowan. Cremation will take place today at Mount Auburn. The funeral arrangements were in charge of Undertaker George W. Healey.

WILLEY.—The funeral of Henry Addison Willey took place yesterday morning from his home, 1365 Middlesex street. Services were held at the house at 10 o'clock. Rev. Arthur Shaw of St. Anne's church officiating. There were many beautiful floral tributes. The bearers were Mr. Wright, Mr. McCallum, Mr. Willey and Mr. Eastman. Burial was in Woodlawn cemetery. Undertakers in charge of the funeral were Undertakers James F. O'Donnell & Sons.

MARY ANN.—The funeral services of Mrs. Mary Ann Day were held from the home of her sister, Mrs. George W. Matthews, pastor of the First Primitive Methodist church, officiating. The bearers were Louis F. Munroe, Benjamin F. Pashley, Charles H. Foster and Walter H. Curtis of Admiral Farragut Cann. 75 Sons of Veterans. Burial was in the family lot in the Edison cemetery, where Rev. N. W. Matthews read the burial prayers.

SIMPSON.—The funeral of Russell H. Simpson, beloved son of George H. and Ethel Gordon Simpson, will take place Tuesday afternoon at 3 o'clock from the home of her parents, 330 Gorham street. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

## BAND COMING

It now seems definitely settled that the 15-piece jazz band of the U. S. S. North Dakota will provide melody on the South common Wednesday evening in connection with the drive for recruits for the big dreadnought which has been underway for the past 10 days here.

A big campaign for recruits for the navy is soon to be inaugurated, according to Chief Cary of the local station, and it is the purpose of the department to expend \$300,000 for newspaper advertising throughout the country during the drive. The plan is to show to the young men of today what a really fine chance the navy presents for a young man to save money and learn a good trade or profession while he is serving on Uncle Sam's big ships.

Sydney C. Varney, 466 Beacon street, was forwarded to the U. S. S. North Dakota today from the local station. He signed up as apprentice seaman.

RIGHT TO FIX PRICES  
WASHINGTON, Aug. 4.—The house interstate commerce committee today voted, 5 to 5, to report the Cummins bill which restores to the interstate commerce commission the right to make rates during the remainder of federal control. The bill was amended by the committee to provide that there should be no change in interstate rates until they had been approved by the state commissions.

For a Lowell resident a vacation without The Sun would be rather gloomy. Order it mailed to you while you are away.

DOING AWAY WITH  
CORNER EXPENSIVE

In order to do away with the dangerous corner at the junction of Aiken and Hall streets, the city of Lowell will be called upon to expend some \$30,000 merely to get the necessary 10,000 feet of land for the purpose, according to Commissioner Dennis A. Murphy of the street department.

This corner has long been noted as one of the most dangerous in the city and many fatal accidents have occurred there. A petition was recently presented Mr. Murphy by residents of that section and after a hearing he started an investigation of the matter. It was found that the land which would have to be taken to widen the junction belonged to Frank M. Andrew of Boston and that a large tenement block was located on it. Commissioner Murphy asked Mr. Andrew what his price was and the latter replied \$30,000.

Mr. Murphy considers this a pretty steep price and has already started an attempt to effect a compromise. He stated today that the matter would probably be brought to the attention of the city solicitor so that proper action may be taken.

DATE SET FOR BOARD  
OF TRADE OUTING

The annual outing of the Lowell board of trade will be held Thursday, Sept. 4, either at Canobie lake or the Martin Luther grounds in Tyngsboro, it was announced today. It is planned to make the affair one of the biggest that the organization has ever had. Several prominent speakers will be present, a series of sporting events for which prizes will be offered will be held and a third feature will be a big dinner in the latter part of the afternoon. The outing committee is hard at work on plans for the affair. Last year the annual outing was omitted owing to war conditions and this year's affair will be in the nature of a "peace-outing."

## MISS PLOURDE HONORED

Miss Florida Plourde, a popular and esteemed young woman of St. Joseph's parish, who is soon to become the bride of Mr. Liborio Nadeau of Royal street, a veteran of the World war, who served for two years with the 14th Engineers, was tendered a reception Friday evening at her home, the affair being attended by a great number of her friends. The young woman was the recipient of several appropriate gifts and a most enjoyable evening was spent. Musical numbers were given and a buffet luncheon was served. Among those present were Misses Yvonne Marchand, Elmore Marchand and Anselm Delisle, Nola and Gabrielle Paquin, Bertha Hall, Anna Rivard, Armande Helanger, Louise Chouinard, Adeline Nadeau, Anole Howard, Jeanne Lessard, Alice Breault, Florida Lafrance, Bertha Lantagne, Florida Boule, Josephine Bourque, Fredeline Biron, Susan Booth, Antoinette Nault, Marianne Joy, Alice and Marie Milotte, Alice Desrosiers, Marie A. Boulanger, Jennie Lemieux, Hazel Carle, Mrs. Rose Chase, Mrs. Rose Cole, Mrs. Paul Murray, Mrs. Alcide Plourde and Mrs. F. Lavole.

## EAGLES NOTICE

The next regular meeting of Lowell Aerie will be held Tuesday evening, August 5, in Eagles Hall, at 8 o'clock. Deputy Grand President John L. McDonald of Cambridge, Mass., will be present. Per order, DAVID J. HACKETT, W. Pres. JOHN M. HOGAN, Secretary.

SHOE SHOP STRIKERS SHOT WIFE AND THEN  
HOLD MEETING  
KILLED HIMSELF

An enthusiastic meeting of the members of the Allied Shoe Workers' union, who are out on strike, was held this morning in their hall in Middle street with Business Agent George W. Racine in the chair. Favorable reports from various committees were heard and it was stated that picketing at some of the shops had been stopped, because there was no attempt on the part of the manufacturers to start their plants, while shoe workers were unanimous in keeping away from the manufacturing places.

It was reported that about 40 percent of the strikers had secured work out of town pending a settlement of the strike and that more were scheduled to go today and tomorrow. It is the consensus of opinion among the strikers that the manufacturers will recognize the union sometime this week and that the strike, which was started a week ago last Saturday will be brought to a close. At this morning's meeting the following were appointed press committee: Arthur Lawson, G. W. Racine, Frederick Gillis and Mrs. Julia Gutknecht.

## U.S.S. DAKOTA JAZZ

## BAND COMING

TEAMSTERS' STRIKE  
ENDS IN BROCKTON

BROCKTON, Aug. 4.—The strike of the ice, coal, hay and grain teamsters in this city ended today. The men returned to work pending the action of the state board of conciliation and arbitration. They abandoned the request for a 44-hour week and the settlement will be made on a basis of 45 hours.
